

.125" Radius

3.4" Width

1.65" Height

Will not harm fish and plants when used as directed.

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling. Add 14 drops for each 10 U.S. gallons (38 L) of aquarium water. Repeat dose every three days until algae is controlled. Siphon or scrape any dead algae from aquarium. Once algae growth is under control, add one dose per week. Weekly doses will control algae growth and reduce aquarium maintenance. **CAUTION:** Do not use with freshwater crustaceans, including shrimp, crabs and lobsters.
