# **CLEAR-BOR F.T.**

**FOR PROTECTION AGAINST SUBTERRANEAN TERMITES,  
DRYWOOD TERMITES, AND WOOD DECAY FUNGI**

**ACTIVE INGREDIENT:**

Disodium Octaborate Tetrahydrate ( $\text{Na}_2\text{B}_6\text{O}_{13}\cdot 4\text{H}_2\text{O}$ ) ..... 10.5%

**OTHER INGREDIENTS** ..... 89.5%

TOTAL ..... 100.0%

**KEEP OUT OF THE REACH OF CHILDREN**

**CAUTION**

**PRECAUTIONARY STATEMENTS:**

**Hazards to Humans and Domestic Animals**

**CAUTION:** Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

Applicators and other handlers must wear long sleeve shirt and long pants; chemical resistant or water repellent gloves; shoes plus socks.

**NET CONTENTS: ONE U.S. GALLON**

EPA Registration No. 35053-1, EPA Est. No. 35053-HI-001

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

CLEAR-BOR F.T. is an aqueous solution of borate salt for the protection and treatment of exposed wood surfaces during construction or fabrication, against Subterranean Termites (*Reticulitermes*, *Coptotermes*, *Heterotermes*), Damp wood Termites (*Zootermopsis*), Dry wood Termites (*Katotermes*, *Incisitermes*), Carpenter Ants (*Camponotus*), and Wood Decay Fungi. This treatment is not effective against Wood Staining Fungi and may require mixing with compatible products. CLEAR-BOR F.T. is recommended for all interior and exterior wood which will be protected from rain and not in direct contact with soil. This product is toxic to wood destroying insects but surface etching of treated wood may occur.

## FIELD TREATMENT APPLICATION

Field treatment on end cuts of treated wood during construction or fabrication for control of organisms that attack wood may be applied by brush, spray or dipping until surface is thoroughly wetted. Current American Wood Preservers Association specifications for end treatments should be followed to ensure adequate chemical loading in wood.

## STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Do not store where children or animals may gain access.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

**CONTAINER HANDLING:** Non refillable container. Do not reuse or refill this container. Offer container for recycling, if available or reconditioning if appropriate or puncture and dispose of in a sanitary landfill or by incineration.

### FIRST AID

<b>IF SWALLOWED</b>	Call Poison Control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything to an unconscious person.
<b>IF ON SKIN OR CLOTHING</b>	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or physician for treatment advice.
<b>IF IN EYES</b>	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
<b>IF INHALED</b>	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For medical emergencies call the poison control center at 1-800-222-1222.	

### ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsate.

### NOTICE

Because of varying conditions affecting use and application, manufacturer warns buyer that these may impair or vary results or effects of the use of this product. In any event, complete prevention of decay by fungi or other organisms is not guaranteed. To the extent consistent with applicable law, neither manufacturer nor seller shall be liable in respect to any injury or damage suffered by the reason of the use of this product for a purpose not indicated by the label or when used contrary to the directions or instructions herein nor with respect to breach of any warranty not expressly specified herein. Buyer accepts this material subject to these terms, and assumes all risk of usage and handling except when handled in accordance with this label. Neither manufacturer nor seller makes, and their employees and agents are not permitted to make, any representations or warranties, express or implied by law, not specifically set forth herein.
