No. 1412

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

IMPORTANT: Keep out of reach of children. Do not place in areas accessible to children.

Use Restrictions: Each sachette bag can treat up to 6.3 cubic feet. Kills clothes moths and carpet beetles and their eggs and larvae in clean, airtight containers, such as chests, trunks, and garment bags. Do not use dry cleaning bags, garbage bags or other containers that allow vapors to escape into occupied rooms. This product can damage some plastics. Use only in polyethylene or polypropylene containers. p-Dichlorobenzene should not be mixed or placed in contact with other moth preventive chemicals.

Pre-Application Directions: Before storing, dry clean, wash or brush articles to be protected. Prevents moth infestation regardless of fabric type.

Application Directions: Calculate the volume to be treated in cubic feet by multiplying the height times the width times the depth of the space. One sachette can treat up to 6.3 cubic feet of storage space. Examples of the amount of product required for proper treatment are listed below:

2 sachettes	Average Garment Bag (12 cu. ft.)
3 sachettes	Large Trunk (15 cu. ft.)

The proper treatment of larger volumes may require the use of additional containers of REEFER-GALLER® OLD FASHIONED Moth Sachettes. To insure protection of your clothes, use the recommended amount of REEFER-GALLER® OLD FASHIONED Moth Sachettes. Place sachettes on top of articles in chests, trunks, garment bags and other closed storage receptacles. The vapors work downward killing all forms of moth life. Keep storage containers tightly closed at all times. When crystals have dissipated replace with new sachette bag. Odor quickly vanishes when articles are aired.

Retreatment: Since moths are active all year, replenish air-tight containers 2 times a year or when product has dissipated.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store only in original container, in a cool dry place inaccessible to children and pets. Keep container closed and away from other chemicals. **Pesticide Disposal and Container Handling:** Nonrefillable Container. Do not reuse or refill container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

WARNING. Causes substantial but temporary eye injury. Harmful if swallowed, absorbed through skin, or inhaled. Causes eye, skin and respiratory tract irritation. Do not get in eyes or on clothing. Avoid contact with skin. Avoid breathing vapors. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

NOTICE: This product contains a chemical known to the State of California to cause cancer.
