DIRECTIONS FOR USE:
 It is a violation of federal law to use this product in a manner inconsistent with its labeling. Read and follow all directions and precautions on this product label.
 Use one candle in an area up to 10 feet by 10 feet. Use two or more in larger areas. For best results use within 3 months of opening. Wash hands thoroughly after handling the ring.
TO PREPARE CANDLE:
 1. Remove candle lid and store beneath candle during use.
 2. Trim wick to 1/2 inch.
 3. Remove the mosquito repellent ring from its foil pouch, being careful not to touch the treated surface.
 4. Set ring into the candle as shown.
 5. Light candle.
 Protection is not immediate. Allow time for candle to heat the repellent ring. High humidity may increase time before repellency builds. To Extinguish Candle: Do not extinguish with water or lid. Smother the flame with a non-harmful material to extinguish. Keep candle and ring covered between uses. The mosquito repellent ring is formulated to last as long as the candle.

PROVEN PROTECTION
 The repellent is in the ring!

PRECAUTIONARY STATEMENTS—
HAZARDS TO HUMANS AND DOMESTIC ANIMALS: CAUTION: Harmful if swallowed, or absorbed through the skin. Avoid contacting skin, eyes or clothing with treated ring. Do not use indoors or in enclosed spaces. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Store away from food, beverages and pet food. Do not allow materials other than those intended for product use to cover the unit while it is in use. Replace lid only when candle is not lit and unit is cool.
FIRST AID:
 • **If Swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person.
 • **If on Skin:** If treated ring touches skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Have product container or label with you when calling a poison control center or doctor or going for treatment. For additional information in case of emergency, call toll free 800-558-5252. Be sure to wash hands after handling treated ring.
ENVIRONMENTAL HAZARDS:
 Do not apply to water.

PHYSICAL & CHEMICAL HAZARDS:
To Prevent Fire or Injury: Burn within sight. Never burn candle on or near anything that can catch fire. Keep out of reach of children and pets. Place on level, stable surfaces. Never burn candle unattended.
 Trim wick to 1/2 inch. Keep candle free of matches and all foreign material. Never touch or move while lit, or until wax hardens. Do not use indoors or in enclosed areas such as garages. Do not use on or near food or food preparation surfaces. Do not extinguish with lid or water. Do not store near heat or open flame. Keep ring covered between uses.

STORAGE AND DISPOSAL
Storage: Store in original container in a cool, dry place in an area inaccessible to children. **Disposal:** Non-refillable ring and container. Before disposing, fully use up the ring according to the label. Do not reuse the ring. After fully used, place in trash or offer for recycling, if available. If ring is partly used, call your solid waste agency or 1-800-529-3394 for disposal instructions. Never place unused product down any indoor or outdoor drain or drainage area.
Candle: After allowing exhausted candle to cool, place in trash. Do not refill or reuse the container. If product remains partially unused, call your local solid waste agency (or 1-800-529-3394) for disposal instructions. Never place unused product down any indoor or outdoor drain.

Candle made in USA.
 Mosquito repellent ring made in Mexico.
