

Multi Insect Killer 7

**Kills Ants, Spiders*,
Roaches & Flies!**

No Lingering Odor

Indoor-Outdoor

ACTIVE INGREDIENTS:
d-Phenothrin 0.125%
Prallethrin 0.100%
OTHER INGREDIENTS: 99.775%

This product contains sodium nitrite
Contains petroleum distillates

NET WT. 15 OZ. (425g)

KEEP OUT OF REACH OF CHILDREN
CAUTION: SEE ADDITIONAL PRECAUTIONARY STATEMENTS ON BACK.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Shake before using. Point spray nozzle away from face and press button, holding container as upright as possible. Remove pets, birds and cover fish aquariums and ornamental fish ponds before spraying, and turn aquarium systems off. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. In the home, cover all food processing surfaces and utensils during treatment or thoroughly wash utensils before use. Cover exposed food and remove utensils in serving areas.

TO KILL CRAWLING INSECTS:

INDOORS:

FLEAS: Spray floors, floor coverings and sleeping quarters of pets. This product is not intended for direct application to animals.

ROACHES, WATERBUGS, SILVERFISH, FIREBRATS, CRICKETS: Spray hiding places such as baseboards and floor boards, moist places, cabinets and other storage areas, behind bookcases, and openings around sinks, drains and pipes, hitting as many insects as possible from a distance of about 18". In kitchens, also spray around refrigerators, stoves and storage areas. When spraying by stoves or water heaters, make sure pilot light is first turned off.

ANTS: Spray trails, hills, around doors, openings around pipes, window frames, and baseboards where ants crawl, hitting as many as possible from a distance of about 18". In kitchens, also spray around refrigerators, stoves and storage areas. When spraying by stoves, make sure pilot light is first turned off.

SPIDERS, SOWBUGS, PILLBUGS: Spray webs and places where these pests crawl from a distance of about 18". These insects tend to hide in dark moist areas. Hit as many as possible.

CARPET BEETLES: Hit these bugs directly with spray on sections of floor, baseboards, shelves and underside of carpets from a distance of about 18".

BEDBUGS: DO NOT APPLY THIS PRODUCT TO MATTRESSES OR BEDDING. Disassemble bed frame and treat all surfaces. Allow to dry completely before reassembling bed. Treat around beds, on and under rugs near bed, and cracks and crevices along baseboards near bed.

OUTDOORS:

FLEAS: Spray kennels, doghouses and places where animals rest, including porches and mats by doors. This product is not intended for direct application to animals.

CRICKETS, SOWBUGS, PILLBUGS: Spray around doors, foundations and damp moist places where these insects hide, hitting as many as possible from a distance of about 18".

ANTS: Spray trails, hills, around doors, openings around pipes, and window frames where ants enter and crawl, hitting as many as possible from a distance of about 18".

SPIDERS: Spray webs and places where these pests crawl. Hit as many as possible.

TO KILL FLYING INSECTS:

INDOORS:

FLEES, MOSQUITOES, SMALL FLYING MOTHS, NON-BITING GNATS, FRUITFLIES: With Raid® Multi Insect Killer there is no need to spray directly at flying insects—the mist in the air will kill them. Close all doors and windows. Spray Raid® Multi Insect Killer up into the air with a sweeping motion, keeping about 3 feet from interior walls, fabrics and furniture, until the room is thoroughly misted. Do not remain in treated area. Keep room closed for 15 minutes. Ventilate room thoroughly before re-entry.

For fast knockdown, spray directly at insects, keeping about 3 feet from interior walls, fabrics, and furniture. In kitchens, be sure to treat areas that may attract these insects such as around windows, sinks and garbage cans. Cover or remove exposed food, utensils and food handling equipment. For residual control of insects, spray screens and around doors and windows where insects enter the house from a distance of about 18". Also, spray screens and doorways on patios. It is recommended to check for potential staining and damage in an inconspicuous place before complete treatment.

785843

WASPS, HORNETS, YELLOW JACKETS AND ASIAN LADY BEETLES: Spray directly at stray insects that enter building.

OUTDOORS:

FLIES, MOSQUITOES, SMALL FLYING MOTHS, ASIAN LADY BEETLES, NON-BITING GNATS, FRUITFLIES, BOXELDER BUGS: To reduce annoyance of these insects, spray area when air is calm for best results. If a slight breeze is blowing, spray with the wind, allowing the spray to drift over the area to be treated staying at least 3 feet from plants and bushes. Allow a couple of minutes for product to take effect. Give special attention to breeding areas such as garbage cans and compost piles. Treat these areas from a distance of about 18" when possible. When spraying in garages be careful that spray does not contact painted surfaces of vehicles.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place away from heat or open flame.
DISPOSAL: Do Not Puncture or Incinerate! If Empty: This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the container by using the product according to the label. If recycling is not available, place in trash. If partially filled: Call your local solid waste agency or 800-529-3394 for disposal instructions.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Note to Physician: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.

ENVIRONMENTAL HAZARDS: This product is highly toxic to fish and aquatic invertebrates. Do not apply directly to water. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Kills:

Ants, Spiders* (except black widow and brown recluse spiders), Roaches, Fleas, Flies, Mosquitoes, Carpet Beetles, Crickets, Non-biting Gnats, Hornets, Moths, Silverfish, Sow Bugs, Pillbugs, Firebrats, Fruit Flies, Boxelder Bugs, Bedbugs, Wasps, Waterbugs in and around the home.
