When you clean mold and mildew you can make the clean last longer with Home Armor[®] Mold Blocker. Mold Blocker creates an invisible barrier to the growth of mold to keep indoor and outdoor surfaces mold free for up to 3 months. And, it's guaranteed effective.

For use in Bathrooms, on Linens, Draperies, Fabrics, Apparel, Carpets, Bedding and Upholstery/Furniture.

- Creates an invisible barrier to prevent the growth of mold and mildew
- Prevents mold and mildew growth and odors
- Water-based & odor free

Home Armor Mold Blocker provides protection from mold and mildew staining when properly applied and establishes a barrier between most household non-porous surfaces and bacteria and mold/mildew that cause odor, staining, and discoloration.

Protection indoors and out!

Spray Mold Blocker on glazed tiles, tubs, shower curtains, shower stalls, sinks, wallpaper for non-contact surfaces, window sills, cabinets, garbage cans, appliances, and vanity tops weekly to replenish barrier. Use on clothing, bedding, upholstery, and drapes. Reapply every 3 months.

El bloqueador de moho Home Armor proporciona protección contra las manchas de moho y humedad cuando se aplica en forma adecuada y establece una barrera entre la mayoría de las superficies domésticas no porosas y las bacterias y el moho que causan olor, manchas y decoloración.

¡Protección tanto en el interior como en el exterior!

Aplique semanalmente el bloqueador de moho a azulejos, tinas, cortinas de ducha, cuartos de ducha, fregaderos, papel mural para superficies que no tengan contacto con alimentos, marcos de ventanas, gabinetes, tarros de basura, electrodomésticos y tocadores para reponer la barrera. Úselo en ropa, colchones, tapizado y cortinas largas. Vuelva a aplicar el producto cada 3 meses.

PRECAUTIONARY STATEMENTS - HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if inhaled or absorbed through the skin. Avoid breathing vapors or spray mist. Avoid contact with eyes and skin. Wash with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID if on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911, then give artificial respiration preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor.

KEEP OUT OF REACH OF CHILDREN / SUBSISTENCIA FUERA DEL ALCANCE DE NIÑOS
DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Bathroom and Non-Food Contact Kitchen Surfaces: Tubs, glazed tiles, vanity tops, shower curtains, shower stalls (areas), sinks, washable walls, wallpaper for non-food contact, floors, window sills, cabinets, garbage cans, exteriors of appliances, refrigerator exteriors, fiberglass, Formica, glazed porcelain, synthetic marble, plastic vinyl.

SPRAY: Shake well. Using trigger pump sprayer, spray entire surface area 4" - 6" from the surface making sure the surface is completely covered. Let stand until dry or let stand for 3 minutes and wipe dry with clean cloth or sponge. If spotting occurs, wipe with moist cloth or sponge. If necessary, reapply every three months or when odor, staining, and discoloration due to bacteria, mold stains, or mildew stains return.

Linens, Draperies, Fabric and Apparel: Bed sheets, blankets, bedspreads, curtains, draperies (washable only), underwear, socks, intimate apparel, hosiery, throw rugs, toweling, toilet tank covers, shower curtains, shoe insoles, outerwear apparel (jackets, sweaters, sweatshirts, coats, raincoats, overcoats, jerseys, ponchos), and fabrics made out of acetates, acrylics, cotton, fiberglass, linen, Lycra, nylon, orlon, polyester, polyethylene, polypropylene, rayon, silk, spandex, vinyl, and wool.

Spray: Clean surface prior to application. Shake well. Using trigger pump sprayer, spray entire surface area 4" - 6" from the surface making sure the surface is completely covered. Let stand until dry or let stand for 3 minutes and wipe dry with clean cloth or sponge. If spotting occurs, wipe with moist cloth or sponge. Test for staining and color-fastness of fabric by treating and drying a small concealed area prior to application. If necessary, reapply every three months or when odor, staining, and discoloration due to bacteria, mold stains, or mildew stains return.

Air filters and filter material for furnaces, air conditioners, air purification systems, automobiles, recirculating air handling systems and vacuum cleaner filters:

SPRAY: When treating filters, remove filter from unit. Shake well. Using trigger pump sprayer, spray entire surface area 4" - 6" from the surface making sure the surface is completely covered. Let stand until dry. If spotting occurs, wipe with moist cloth or sponge. If necessary, reapply every three months or when odor, staining, and discoloration due to bacteria, mold stains, or mildew stains return.

Carpet: SPRAY: Apply to clean carpet. Shake well. Using trigger pump sprayer, spray entire surface area 4" - 6" from the surface making sure the surface is completely covered. For rotary jet extraction cleaners and carpet steamers, add product directly to cleaning tank, then operate the equipment in accordance with manufacturer's instructions. Apply and then let stand until dry. If spotting occurs, wipe with moist cloth or sponge. Test for staining and color-fastness of fabric by treating and drying a small concealed area prior to application. Mold Blocker treats approximately 200 sq. feet per gallon. When treating coarser substrates (e.g., wool carpeting), more Mold Blocker may be required due to absorption. Dry carpet areas and surfaces before re-entry. A fan may be used to assist in drying carpeting. Remove children and pets from treated area until completely dried. If necessary, reapply every three months or when odor, staining, and discoloration due to bacteria, mold stains, or mildew stains return.

Bedding, Upholstery/Furniture:

Mattress pad and mattress ticking and upholstery composed of acetates, acrylics, cotton, fiberglass, nylon, polyethylene, polyolefins, polypropylene, rayon, silk, spandex, vinyl, wool, and fiberfill to be used in upholstery, sleeping bags, apparel where the fiber is cotton, natural down, nylon, rayon, or wool.

SPRAY: Clean surface prior to application. Shake well. Using trigger pump sprayer, spray entire surface area 4" - 6" from the surface making sure the surface is completely covered. Let stand until dry. If spotting occurs, wipe with moist cloth or sponge. Test for staining and color-fastness of fabric by treating and drying a small concealed area prior to application. When applying to mattress pads and ticking do not soak. Remove children and pets from treated area until completely dried. If necessary, reapply every three months or when odor, staining, and discoloration due to bacteria, mold stains, or mildew stains return.

STORAGE AND HANDLING: Nonrefillable container. Do not reuse this container. Offer for recycling, if available.
