#### ACTIVE INGREDIENTS

n-Alkyl (60%C14,30%C16,5%C12,5%C18)	
dimethyl benzyl ammonium chlorides	9.96%
n-Dialkyl (60%C14,30%C16,5%C12,5%C18)	
Methyl benzyl ammonium chlorides	0.04%
OTHER INGREDIENTS:	90.00%
TOTAL	100.00%

# Non-Foaming Algaecide

*Algicida No Espumante*

# PREVENT

Prevents and Kills All  
Types of Algae

Non Foaming Formula

#### DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

#### READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

#### WHY YOU SHOULD USE THIS PRODUCT:

This product, when used regularly, will kill and control the growth of green algae for complete spa and hot tub enjoyment. For best results, use with other HTH Spa® products.

This product may be used in the same spa or hot tub treatment program as most commonly used spa and hot tub chemicals, but it should not be mixed with any foreign material, such as soap or other water treating chemicals. This product works best when added by itself directly to spa or hot tub water with the pump running. Wait 15 minutes before entry of bathers. Spas or hot tubs with heavy growth of algae should be cleaned prior to using this product.

**INITIAL TREATMENT:** Add 1 oz per 390 gallons water. Initial dose is used upon filling of Spa/Hot Tub. For visible algae growth or slimy interior, treat with "Initial Dose." Remove algae debris. For maximum effectiveness, spas containing heavy algae growth should be drained and cleaned prior to treatment. Drain and clean Spa/Hot Tubs at least once a month or as needed depending on bather load.

**MAINTENANCE DOSE:** After initial treatment, to keep your spa free of algae growth, add ¼ ounce (1½ teaspoons) per 350 gallons capacity every 5-7 days. This algaecide can be used in conjunction with chlorine or bromine sanitizer systems.

#### FIRSTAID:

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

**IN CASE OF EMERGENCY CALL: 1-800-654-6911**

**PRECAUTIONARY STATEMENTS - HAZARDS TO HUMANS AND DOMESTIC ANIMALS - DANGER:** Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling. Harmful if swallowed. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish and aquatic organisms.

**STORAGE AND DISPOSAL:** Keep this product in its tightly closed container when not in use. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment. Store in secure areas inaccessible to children and persons unfamiliar with the use of this product. Discard in the trash.
