POOL breeze® pool care system

start-up & winterizing algicide

Active Ingredient:
N-Alkyl (C14 95%, C12 3%,
C16 2%) dimethyl benzyl
ammonium chloride
dihydrate100%

KEEP OUT OF REACH OF CHILDREN
DANGER

See back panel for additional
precautionary statements.

Net Wt. 3 dry oz. (85 grams)

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL USE DIRECTIONS:

For best results test and adjust water balance before use. Chlorinate and clarify pool water as required, shock treat pool water at least weekly. Keep filtration systems clean and back-wash regularly.

Pool Breeze® pool care system start-up & winterizing algicide should be added to a suitable feeding device (such as a skimmer, floater, or automatic feeder) while filter and pump are in operation. To provide time for even distribution in the pool water, bathers must wait a minimum of 15 minutes after Pool Breeze pool care system start-up & winterizing algicide addition before entering the pool.

INITIAL APPLICATION:

Add 2.7 dry ounces of Pool Breeze pool care system start-up & winterizing algicide per 10,000 gallons of water to a suitable feeding device to achieve 2 ppm active ingredient at pool start-up.

VISIBLE ALGAE:

If algae are visible, brush surfaces and then add 6.75 dry ounces (193 grams) of Pool Breeze pool care system start-up & winterizing algicide per 10,000 gallons of water to a suitable feeding device to achieve 5 ppm active ingredient. Vacuum pool and remove dead algae after 24 hours. Repeat treatment as necessary if algae are still present.

MAINTENANCE DOSE:

Add 0.675 dry ounces (19 grams) of Pool Breeze pool care system start-up & winterizing algicide per 10,000 gallons of water to a suitable feeding device every week to achieve 0.5 ppm active ingredient. For very hot weather or heavy bather load, use this dosage every 5 days.

BOOSTER DOSE:

After heavy rains, severe storms or heavy pool

usage, add 2.7 dry ounces (77 grams) of Pool Breeze pool care system start-up & winterizing algicide per 10,000 gallons of water to a suitable feeding device to achieve 2 ppm active ingredient.

WINTERIZING DOSAGE:

Pool Breeze pool care system start-up & winterizing algicide aids in the prevention of algae in swimming pools during the winter months, when the pool is out of service.

Test water for proper balance of minerals, pH and presence of metals. Take corrective action if necessary.

Superchlorinate the pool with a winter shock treatment following label directions. Apply when pool is out of service and allow pump to run for a minimum of one hour, preferably several hours or overnight.

Add 6.75 dry ounces of Pool Breeze pool care system start-up & winterizing algicide per 10,000 gallons of water to a suitable feeding device to achieve 5 ppm active ingredient at pool closing. Run the filter pump for at least 6 hours after application.

Clean pool water line and filter. In areas with severe freezing, drain pool equipment and plumbing lines or use an antifreeze recommended for swimming pool plumbing and equipment. Pools without covers or mesh covers may need a second treatment in mid-winter or just prior to freezing.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS – DANGER Corrosive: Causes irreversible eye damage and skin burns. May be fatal if inhaled, swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust. Wear protective eyewear (goggles or face shield), protective clothing and rubber gloves. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish.

PHYSICAL AND CHEMICAL HAZARDS: This algicide is cationic. Do not mix with soap or anionic materials.

STORAGE AND DISPOSAL: Store in original container in areas inaccessible to children. Do not reuse empty container. Wrap container and put in trash.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferable by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.
