SWIMMING POOLS

POOLIFE® Algae Kill is especially made to control algae growth in all types of swimming pools. Water treated with POOLIFE Algae Kill can be used immediately – NO WAITING. It's long lasting action controls existing algae and maintenance dosages control algae re-growth. POOLIFE Algae Kill will not cause water to foam and will not alter the pH or chlorine of the water.

POOLIFE Algae Kill is concentrated. Mix the correct amount of POOLIFE Algae Kill with one (1) gallon of water and distribute around the edge of the pool. Apply the initial treatment dosage to a freshly filled pool or at the first visible signs of algae. Thereafter, apply maintenance dose every two (2) weeks.

INITIAL TREATMENT: Mix with one gallon of water, 2 ounces of this product per 5,000 gallons water to be treated.

MAINTENANCE DOSAGE: Mix with one gallon of water, 1 ounce of this product per 5,000 gallons of water to be treated.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

CAUTION. Causes eye injury. Harmful if swallowed or absorbed through the skin.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

PHYSICAL AND CHEMICAL HAZARDS: Do not mix with other chemicals.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call a poison control center or doctor for treatment advise.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice.

IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. **DO NOT** induce vomiting unless told to do so by poison control center or doctor. **DO NOT** give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Do not delete or change the Storage statement that is on the label now.

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage and disposal.

STORAGE: Keep container closed when not in use. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food.

DISPOSAL:

If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
