

**FIRST AID:**

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

## 3" Chlorinating Tablets

Provides long-lasting chlorination

Sun protected for extended chlorine life

Department of Agriculture  
STATE OF HAWAII

**LICENSED**

PERIOD **2014-2016** LIC. NO.

**9338.484**

**ACTIVE INGREDIENT:**

Trichloro-s-Triazinetrione..... 92.4%

OTHER INGREDIENTS: ..... 7.6%

TOTAL ..... 100.0%

AVAILABLE CHLORINE ..... 84%

### KEEP OUT OF REACH OF CHILDREN DANGER

Contamination or improper use may cause fire or explosion or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. If product is exposed to small amounts of water, it can react to cause explosion or the release of toxic gases. Do not mix this product with a small amount of water. Only add directly to your pool. Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if swallowed or absorbed through skin.

See back panel for Precautionary statements.

**Net Wt. 10 lbs. (4.54 kg)**

## DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

## READ ALL PRECAUTIONARY STATEMENTS BEFORE USE

### SWIMMING POOLS

**WHY YOU SHOULD USE THIS PRODUCT:** When used as directed, this product is effective as a swimming pool water sanitizer. These convenient and easy to use tablets are formulated to protect against chlorine loss in direct sunlight. They are designed to dissolve slowly providing a steady source of available chlorine (up to 1 week) for complete swimming enjoyment in your pool.

**WATER BALANCE:** To provide optimum product performance, swimmer comfort and crystal clear water, always maintain pH from 7.2 to 7.6, total alkalinity from 60 to 120 parts per million (ppm) and calcium hardness above 200 ppm. Test frequently using a test kit or test strips that measure all of the above ranges.

**OPENING YOUR POOL:** Balance pool water, shock treat, and stabilize your pool using **Pace® Stabilizer and Conditioner**. Follow stabilizer label directions. Then follow "ROUTINE CHLORINATION" directions.

**ROUTINE CHLORINATION:** This product is designed to dissolve slowly, providing a steady source of available chlorine in swimming pools to control the growth of algae, kill bacteria and destroy organic contaminants. One tablet will provide an effective chlorine residual of 1-4 parts per million (ppm) in 10,000 gallons of water for up to 1 week under normal use conditions.

**SHOCK TREATMENT / SUPERCHLORINATION:** Every 7 days, or as necessary to prevent pool problems, shock treat/superchlorinate the pool. Additional shock treatments may be required to correct problems which are caused by visible algae, high bathing loads, heavy winds and rainstorms. Additional shock treatments may also be required to prevent problems such as unpleasant odors and eye irritation. Check available chlorine using a test kit or test strips. Re-entry into treated swimming pool is prohibited at available chlorine levels above 4 ppm due to risk of bodily harm.

## HOW TO CALCULATE POOL CAPACITY

### SHAPE OF POOL GAL. OF WATER

(Dimensions in feet)

- |                                 |  |
|---------------------------------|--|
| <b>Rectangular</b>              | Average depth X average length X average width X 7.5 |
| <b>Circular</b>                 | Diameter X diameter X average depth X 5.9            |
| <b>Oval with straight sides</b> | Full width X full length X average depth X 6.7       |
| <b>Irregular</b>                | Consult pool builder                                 |

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

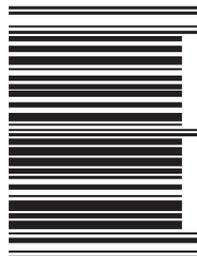

**DANGER: Corrosive.** Causes irreversible eye damage. Causes eye and skin burns. May be fatal if inhaled or absorbed through skin. Harmful if swallowed. Irritating to nose and throat.

- Open in a well ventilated area. Avoid breathing dust and fumes.

**XXXXXX**

PART NO. 000000

XXXXX-A-0314

- Do not get in eyes, on skin or on clothing. Wear goggles and rubber gloves. For additional protection of skin, wear long sleeves and long pants.
- Wash hands after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove contaminated clothing and wash clothing before reuse.

### PHYSICAL AND CHEMICAL HAZARDS:

**DANGER.** Strong oxidizing agent. This product can increase fire intensity. Keep away from heat and from flame and burning material (like a lighted cigarette). **If product is exposed to small amounts of water, it can react to cause explosion or the release of toxic gases. Do not add water to this product. Add only into water.**

- Do not allow to become wet or damp before use.

**Can react with other materials, including other water treatment products, to cause fire, explosion, and the release of toxic gases.**

- Keep all foreign matter, including other water treatment products, away from this product.
- Do not mix with other products or dissolve before use.
- Do not use this product in a floater or feeder that has been used with any other product. If used with a skimmer, make sure skimmer is completely free of residue from other water treating products before putting this product in a skimmer.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish and aquatic organisms.

### STORAGE & DISPOSAL:

Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. If not, discard in trash. **FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE "EMERGENCY HANDLING".**

**EMERGENCY HANDLING:** In case of contamination or decomposition, do not reseal container. Isolate in open well-ventilated area. Flood with large volume of water. Cool unopened container in vicinity by water spray.
