NET CONTENTS: 16 OZ (454 g)

**ACTIVE INGREDIENTS:**

(S)-Methoprene (CAS #65733-16-6)	0.085%
Permethrin (CAS #52645-53-1)	0.350%
Phenothrin (CAS #26002-80-2)	0.300%
N-octyl bicycloheptene dicarboximide (CAS #113-48-4)	2.000%
Piperonyl butoxide, Technical* (CAS #51-03-6)	1.400%
<b>OTHER INGREDIENTS**:</b>	<b>95.865%</b>
<b>TOTAL:</b>	<b>100.000%</b>

\*Consists of 1.120% (butylcarbityl)(6-propylpiperonyl) ether and 0.28% related compounds

\*\*Contains petroleum distillates

# ZODIAC®

Advanced Indoor Insect Spray

# CENTRAL Garden & Pet

**READ ENTIRE LABEL BEFORE USE. NOT FOR USE ON HUMANS OR PETS.**

ZODIAC® Advanced Indoor Insect Spray kills adult fleas, hatching flea eggs, flea larvae, and ticks. (S)-Methoprene, the unique ingredient in ZODIAC® Advanced Indoor Insect Spray provides 7 months' protection by preventing eggs from ever developing into biting fleas. For best results, use ZODIAC® Advanced Indoor Insect Spray with ZODIAC® on-animal products for complete control of fleas and ticks.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**SHAKE WELL BEFORE USING.**

**FOR USE IN THE HOME/GARAGE/KENNEL**

**1. Identify treatment areas,** especially those where pets frequent, such as in and around pet's sleeping and resting areas. These are the primary areas where fleas, their eggs, and ticks are found. Before treatment, make a test application to upholstery, drapery, light-colored, delicate fabrics, or wood surfaces in an inconspicuous place.

**2. Prepare treatment areas.** Cover all food processing surfaces and utensils during treatment or thoroughly wash after product use. Cover or remove exposed food. Remove pets, and cover and unplug aquariums before spraying. Remove motor vehicles before using in garages. For best results with Surface/Carpet treatments, vacuum thoroughly before spraying and discard vacuum bag in outside trash. This product may also be used for infested surfaces inside motor vehicles.

**3. Apply treatment.** For flea/tick infestations, a single can treats 2000 square feet. Hold container upside down 2-3 feet from surface, point actuator towards the surface and push button. Using a sweeping motion, apply a light uniform spray to all surfaces of furniture, rugs, carpets, drapes, and around all pet resting areas. Avoid thoroughly wetting surfaces. Mist treated areas only until "slightly damp". Do not over-treat. Reapply in 14 days, if necessary. **IMPORTANT:** Only complete and proper application to carpets, upholstery, drapes, and other fabrics will provide thorough flea/tick elimination. Keep people and pets out of areas during treatment. Vacate room after treatment, and ventilate until surfaces are dry before reoccupying.

**4. For best results, eliminate fleas/ticks on your pet with appropriate ZODIAC® on-animal products.**
