Net Contents: 15 fl oz. (444 mL)

ABSORBINE

The Horse World's Most Trusted Name®

ULTRASHIELD

INSECTICIDE & REPELLENT

SPORT

Sweat resistant fly spray. Stays active for up to 14 days. Citronella scented.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Not for use on horses intended for human consumption.

Shake well before using. Avoid contact with eyes or mucous membranes. Harmful if swallowed. Avoid contamination of food. To protect horses and ponies from Horse Flies, House Flies, Stable Flies, Face Flies, Horn Flies, Deer Flies, Gnats, Mosquitoes (*Culex* spp.); Thoroughly brush the horse's coat prior to application to remove loose dirt and debris. For dirty horses, shampoo and rinse thoroughly. Wait until the coat is completely dry before applying this product. Absorbine® UltraShield® Sport is sweat-and weather-resistant, so it keeps working when the horse sweats, and after rainfall.

Spray or Wipe Application: Application should be liberal for best results. For horse's face, **always apply as a wipe** using a piece of clean, absorbent cloth, toweling (Turkish) or sponge. **Avoid getting spray into horse's eyes, nose or mouth.** Wear rubber glove or mitt when applying as a wipe. Spray or wipe horse's entire body while brushing against the lay of the coat to ensure adequate coverage.

Reapply every 14 days for fly control normal conditions for initial applications. As protection builds, reapply every 14-17 days. Reapply every 5 to 7 days for mosquito repellency. Also, reapply each time animal is washed thoroughly, particularly if with shampoo or soap.
