## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### **Use Restrictions**

Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Remove or cover exposed food and drinking water before application. THIS PRODUCT IS FOR INDOOR USE ONLY. Remove or cover dishes, utensils, food processing, equipment, and food preparation surfaces or wash them before use. Do not allow adults, children or pets to enter treated areas until dusts have settled. One 16 ounce canister contains enough powder to treat 1 to 2 rooms (200 – 400 square feet). When using this product at the lower rate, allow the powder to remain in place for 24 hours before vacuuming. Apply powder more heavily to areas off flooring or furniture on which pets spend most of their time. Keep children and pets off treated carpet and upholstered furniture during treatment and while powder is still visible on their surfaces. Apply to dry surfaces only. Do not wet powder. Do not contaminate feed, water, or foodstuffs. Do not apply to food processing surfaces or use in food processing areas where food is exposed. Cover fish aquariums before use.

**Carpets:** Shake powder evenly across surface. Brush lightly with broom to force powder deep into carpet where fleas and their larvae exist. Wait at least 60 minutes before (lightly) vacuuming to remove visible surface powder. Do not apply as a broad carpet treatment. Only apply as a spot treatment to areas no greater than 3 feet by 3 feet per room. For maximum efficacy, delay vacuuming for up to 24 hours. Apply powder more heavily to areas off flooring or furniture on which pets spend most of their time.

## DIRECTIONS FOR USE Cont.

**Upholstery:** Remove loose cushions. Sprinkle along creases and into corners. Brush lightly to work powder into folds and creases. Vacuum to remove visible powder on surfaces. Do not use on exposed fabric without first testing on a hidden surface for effects on color (staining) or texture. If powder adheres to a spot, brush out and vacuum that area immediately.

When emptying vacuum bag after use, wrap contents or disposable bag in several layers of newspaper and discard in trash.

Treat pets with a registered flea and tick control product prior to re-entry into treated areas.

Settling of contents occurs naturally during transportation and handling. You can be assured of proper contents as this container is sold by weight, not by volume.

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal

**PESTICIDE STORAGE:** Keep this product in its tightly closed original container, when not in use. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

### **PRECAUTIONARY STATEMENTS**

#### **HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating or smoking.

#### **USER SAFETY RECOMMENDATIONS**

Users should wash hands with plenty of soap and water before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

<b>FIRST AID</b>	
<b>IF IN EYES:</b>	<ul style="list-style-type: none"><li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li><li>• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li></ul>
<b>IF ON SKIN OR CLOTHING:</b>	<ul style="list-style-type: none"><li>• Take off contaminated clothing.</li><li>• Rinse skin immediately with plenty of water for 15-20 minutes.</li><li>• Call a poison control center or doctor for treatment advice.</li></ul>
<b>HOT LINE NUMBER</b>	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact SafetyCall® International (866) 897-8050 for emergency medical treatment information.	

To the extent consistent with applicable law, buyer assumes all risk when product is not used according to label directions or established safe practice.
