DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in any other manner than that indicated on the label. To ensure best results, follow the coating manufacturer's instructions for cleaning and preparing the surface. Hold the HomeShield™ container upright and break the tab at the top. Point the opening into the coating container and squeeze gently. Add entire contents of the container to one gallon of coating. Mix thoroughly, stirring HomeShield™ mildewcide into the gallon of coating for two minutes. Wrap the empty HomeShield™ package in paper towels and dispose. Apply the coating to the surface as directed by the coating manufacturer. HomeShield™ is intended for protecting the applied film and paint, not the substrate.

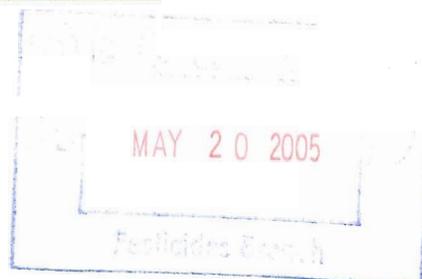

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water

FIRST AID	
IF IN EYES:	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF SWALLOWED:	<ul style="list-style-type: none"> Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor, or when going for treatment.	
NOTE TO PHYSICIAN	
Probable mucosal damage may contraindicate the use of gastric lavage. Contains petroleum distillate - vomiting may cause aspiration pneumonia.

HomeShield™

MILDEWCIDE ADDITIVE

Just Add and Stir

HomeShield™

Added Protection from Mold and Mildew!

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in any other manner than that indicated on the label. To ensure best results, follow the coating manufacturer's instructions for cleaning and preparing the surface. Hold the HomeShield™ container upright and break the tab at the top. Point the opening into the coating container and squeeze gently. Add entire contents of the container to one gallon of coating for maximum protection against mold and mildew. Mix thoroughly, stirring HomeShield™ into the gallon of coating for two minutes. Apply the coating to the surface as directed by the coating manufacturer. In all cases, the coating should be mixed prior to applying to the surface.

Add HomeShield for Longer-Lasting Protection

WITHOUT HOMESHIELD™

WITH HOMESHIELD™

HomeShield™ effectively blocks the growth of unsightly and destructive mold and mildew. Unguarded coatings are more likely to fail, resulting in the growth of mold and mildew, as seen left in exterior and interior applications. Damp or dark areas, such as eaves, bathrooms, and basements, can be prone to potentially hazardous microbial growth, which becomes aesthetically offensive and ultimately reduces the value of a home. Adding HomeShield™ can save time and money by extending the life of paint and stains.

HomeShield™ is added protection for peace of mind!

Defend Paint and Stains with HomeShield™

- Easy to Use
- Blocks Growth of Damaging Mold and Mildew
- Extends the Life of Paints & Stains
- Effective against a Variety of Molds
- Effective in Indoor and Outdoor Coatings
- Protects All Coatings
 - Clear, White, and Pigmented
