Capsaicin and related Capsaicinoids .....	0.0006%
Garlic .....	0.0006%
OTHER INGREDIENTS: .....	99.2175%
TOTAL: .....	100.0000%

## DEER OFF®

Patented Dual Deterrent System™ provides odor and taste barriers to repel deer, rabbits, and tree squirrels from browsing and feeding upon flowers, grass, bulbs, shrubs, plants, seedlings, and trees. Weather-resistant formula provides effective control.\* Reapply DEER-OFF® Deer Repellent Spray every 2 to 3 months or more often during periods when rain occurs.

Treats 180-200 ornamental shrubs four feet tall or approximately 1600-2000 square feet, depending on surface conditions, density and size of plantings.

### Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### Use Restrictions

This product may be used to repel deer, rabbits, and tree squirrels that feed on flowers, grass, bulbs, shrubs, plants, seedlings, and trees. Do not apply at temperatures below 40° F, or in wet, windy conditions.

**IMPORTANT:** Not for direct use on plants intended for human consumption (i.e. food plants.) This product contains egg solids which may cause allergic reactions in some individuals. Do not allow spray to drift onto plants intended for human consumption.

### Application Directions

Shake container of DEER-OFF® spray before use. Spray leaves, stems, flowers and branches thoroughly from all angles, until run-off or leaves look wet. Treat vulnerable plants at the beginning of each damage season. Reapply every 2-3 months or as new growth emerges, and if the effects of the previous treatment appear to be waning. Reapply after rain. Clean sprayer after each application to prevent clogging.

One gallon of DEER-OFF® ready-to-use spray treats 180-200 ornamental shrubs 4 feet tall or an area of about 2000 sq. ft. Surface conditions, size and texture of planting will affect the area for treatment with a given quantity of spray. Before large-scale treatments, test product on a small area of plant type to avoid possible plant damage.

### Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

**Storage:** Store only in original container, in a cool, dry area. Keep away from children and pets. Protect from heat and freezing. Store between 40° F and 90° F. Keep container tightly closed to prevent spillage and evaporation. If spillage occurs, dilute with water and flush away.

**DISPOSAL: If empty-** NONREFILLABLE CONTAINER. DO NOT REFILL OR REUSE THIS CONTAINER. Place in trash or offer for recycling if available. **If partly filled-** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

### Precautionary Statements

#### Hazards to Humans and Domestic Animals:

**Caution:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

#### First Aid

##### If in Eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Contact 1-800-858-7378 for emergency medical treatment advice.

#### Environmental Hazards

For terrestrial uses: Do not apply directly to water or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash water or rinsate.
