→ Getting Started

→ Where To Use:
Intended for control of house flies outdoors around houses, garbage cans, and non-commercial animal housing including poultry houses, barns, and stables.

→ How Much To Use:
Scatter Bait: Scatter evenly in areas where flies are observed to be resting or feeding. Scatter uniformly at the rate of 1 oz. per 125 sq. ft. of area.

Bait Station: Use in any commercially available bait station secured at least 4 feet above the ground and inaccessible to children, pets, and livestock animals.

READ THE ENTIRE LABEL FIRST. OBSERVE ALL PRECAUTIONS AND FOLLOW DIRECTIONS CAREFULLY.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: May be harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing. Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

Physical and Chemical Hazard

Do not mix or allow to come into contact with oxidizing agent. Hazardous chemical reaction may occur.

First Aid	
If swallowed:	<ul style="list-style-type: none"> Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
If on skin or on clothing:	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-877-800-5556 for emergency medical treatment advice.

Environmental Hazards

This product is toxic to aquatic invertebrates. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or when disposing of equipment washwaters or rinsate.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read entire label before using.

1. Where To Use

Fly Bait is intended for control of houseflies outdoors around houses, garbage cans, dumpsters and other garbage collection points, outdoor latrines, pet kennels, compost areas, and non-commercial animal housing including poultry houses, barns, and stables.

Fly Bait can also be used indoors in non-residential and non-commercial areas, but only in areas where children, animals or pets cannot come in contact with or ingest the granules. See specific use instructions and precautions below. This product's active ingredient, spinosad, is biologically derived from the fermentation of *Saccharopolyspora spinosa*, a naturally occurring soil organism.

2. Use Precautions

- Fly Bait contains a bittering agent. It also contains a fluorescent pigment that makes the bait more attractive to flies. Waterproof gloves are recommended when handling Fly Bait to avoid staining of skin or clothing.
- Keep in original container and store out of direct sunlight in a cool and dry location away from children, pets and livestock animals. To preserve effectiveness, reseal container immediately after measuring and using the product.
- Do not allow Fly Bait to contact food, feedstuffs, and water. Protect exposed food, feedstuffs, and water, where necessary, to avoid contamination.
- Do not allow pets to come in contact with Fly Bait.
- Apply Fly Bait only in locations inaccessible to children, livestock animals and pets where bait granules cannot be picked up or where animals and pets cannot lick surfaces on which the bait has been placed.

3. How To Use

One or a combination of the following bait application methods may be used:

Scatter Bait: Scatter Fly Bait evenly in areas where flies are observed to be resting or feeding. Scatter uniformly at the rate of 1 oz. per 125 sq. ft. of area. Do not put into piles. Do not use the scatter bait application method inside the house, or in areas where children, animals, or pets could come in contact with the granules. Re-apply when bait is no longer effective in controlling flies.

Bait Stations: Use in any commercially available bait station secured at least 4 feet above the ground and inaccessible to children, pets, and livestock animals. Add 1 oz. of product to each of 4 bait stations and space the 4 stations as equally as possible within a 500 sq. ft. treatment area. Add product to replace amount consumed before the station is empty. Do not exceed 1 oz. of product per station at any time. Reapply on a daily basis to maintain control when the fly population is large enough to consume 4 oz. of product within a 500 square feet area in 1 day. However, when fly populations decrease, consumption of the bait also decreases, so reapply every 2 to 3 days to maintain adequate fly control. Replace bait station if physically damaged.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store in original container, tightly closed in a secure place. Keep out of the reach of children and domestic animals.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-992-5994 for disposal instructions. Never place unused product down any indoor or outdoor drain.

LIMITED WARRANTY AND DISCLAIMER

FOR USE ONLY AS DIRECTED. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE MANUFACTURER NEITHER MAKES NOR INTENDS ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WHICH ARE HEREBY EXPRESSLY DISCLAIMED. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, IN NO CASE SHALL THE MANUFACTURER BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL, OR SPECIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. If these terms are not acceptable, return this product unopened immediately to the point of purchase, and the purchase price will be refunded in full. The terms of this LIMITED WARRANTY STATEMENT cannot be varied by any written or verbal statements or agreements at the point of sale or elsewhere.
