producto hasta que la etiqueta le haya sido explicada ampliamente.

SPRAY AND WIPE

Net Wt. 18 oz (1 lb 2 oz) (510 g)

KEEP OUT OF REACH OF CHILDREN
WARNING

CONTENTS UNDER PRESSURE
See side panel for additional precautionary.

Contains no CFCs or other ozone depleting substances.
Federal regulations prohibit CFC propellants in aerosols.

Disinfects the following organisms on hard nonporous inanimate environmental surfaces: Herpes Simplex Type 1 virus, Herpes Simplex Type 2 (genital) virus, Influenza A₂ (Hong Kong), Human immunodeficiency virus HIV-1 (AIDS virus), Staphylococcus aureus, Pseudomonas aeruginosa, Salmonella choleraesuis.

Used on: Counter tops, table tops, plastic surfaces, sinks, bath tubs, wash basins, formica, exhaust fans, stainless steel, woodwork, porcelain, leatherette, plastic.

Used in: Hospitals, institutions, office buildings, factories, motels, meat and poultry plants.

Leaves the surface clean and free from odors. Excellent for all bathroom fixtures, grouting tile, and shower stalls.

Also excellent for cleaning vinyl, leather, and plastic upholstery, varnished, painted and enameled surfaces. Contains no abrasives.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. To clean: Remove cap, shake, spray evenly over the surface, wipe clean. For heavily soiled surfaces, allow foam to remain for a minute before wiping.

To disinfect: Clean surface thoroughly as directed above. Then spray a thin coat of foam, making sure it covers the entire surface to be disinfected. Allow to remain for at least 10 minutes, then wipe off with clean damp cloth. After using this product on food processing equipment and food contact surfaces, thoroughly rinse with potable water.

SPECIAL INSTRUCTION FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS VIRUS) OF SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS. KILLS HIV-1 ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1)(associated with AIDS).

PERSONAL PROTECTION: Disposable gloves should be worn when cleaning blood, body fluids, or contaminated items. Hands should be washed immediately and thoroughly after gloves are removed, or if hands are contaminated with blood or body fluids. Masks and protective eyewear or faceshields should be worn during cleaning procedures involving blood or body fluids. Gowns or aprons should be worn during cleaning procedures for protection against splashes of blood or other body fluids.

CLEANING PROCEDURE: Blood and other body fluids must be thoroughly cleaned from surfaces and objects with a suitable detergent before application of the disinfectant. After cleaning is complete, follow disinfection directions described previously.

CONTACT TIME: Allow at least 10 minutes contact time with the surfaces/objects for disinfection.

DISPOSAL OF INFECTIOUS MATERIALS: Contaminated waste and blood and other body fluids should be autoclaved and disposed according to local regulations for infectious waste disposal.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

STORAGE & DISPOSAL

Storage: Contents under pressure. Do not store near heat, spark or flame. Exposure to temperatures above 120°F may cause bursting.

Pesticide Disposal: Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

DISPOSAL: This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. (DO NOT PUNCTURE!) If recycling is not available, wrap the container and discard in the trash.

General: Consult federal, state or local disposal authorities for approved alternative procedures.

PRECAUTIONARY STATEMENT
Hazards to Humans and Domestic Animals

WARNING

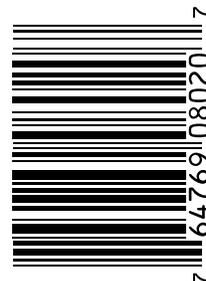

Avoid getting product in eyes. In case of contact flush with water. If irritation persists, get medical attention.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.

For Commercial/Institutional Use Only
