

28 oz

SWIMMING POOL ALGICIDE AND ALGAE PREVENTATIVE:

BioGuard® has a wide variety of products that prevent specific pool situations. These products are designated as "Inhibit".

26 oz

The BioGuard Care System has three important parts that help you maintain crystal blue sparkling water.

- A sanitizer to control bacteria
- A shock to destroy contaminants
- A preventative algicide to stop algae before it starts

24 oz

All parts of the BioGuard Care System are vital to achieve beautiful water.

22 oz

This product is a non-foaming algae preventative for the BioGuard Care System. Weekly use of this product prevents algae before it starts. This product is suitable for use in swimming pools with attached spas, waterfalls, or decorative fountains. This product is formulated to complement most swimming pool sanitizers. This product is a highly effective algae killer and algae preventative.

20 oz

Use BioGuard Algae All 60 weekly when using the BioLab® UV system to prevent algae.

18 oz

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

16 oz

Ensure all equipment is working properly. Clean or backwash filter following manufacturer's directions. Adjust pH to between 7.2-7.6. In chlorinated systems, add stabilizer to establish a minimum stabilizer level of 30-40 ppm to reduce the degradative effects of sunlight upon the chlorine residual. Check for metals and if present add a stain and scale inhibitor to prevent staining of pool surface due to metals. Adjust chlorine residual to 1-4 ppm. When using other products as outlined in directions for this product, always follow directions on those products.

14 oz

12 oz

For treatment of a **freshly cleaned and filled pool**, with circulation pump operating pour the initial dose of 6-11 fluid ounces of this product per 10,000 gallons of water directly into pool. Additions of 2-4 fluid ounces of this product per 10,000 gallons of water should be made every 5-7 days after initial treatment for maintenance.

10 oz

8 oz

Pools containing **heavy growth of algae** should be brushed and vacuumed (to waste if applicable) prior to using this product. For pools having **light algae growth**, brush pool walls and floor, and with circulation pump operating pour 11-17 fluid ounces of this product per 10,000 gallons of water directly into pool. Remove settled algae debris by vacuuming (to waste if applicable). To restore filter performance, chemically clean filter following manufacturer's directions using an appropriate filter cleaner.

6 oz

4 oz

Wait at least 15 minutes after application before entering pool.

STORAGE AND DISPOSAL: Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well ventilated area. Do not contaminate food or feed by storage or disposal. **CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS: CAUTION: Harmful if swallowed. Avoid contact with skin, eyes, or clothing. Wear goggles or safety glasses and rubber gloves when handling this product. Wash thoroughly with soap and water after handling.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. IN CASE OF MEDICAL EMERGENCY, CALL 1-877-800-5553.

PHYSICAL OR CHEMICAL HAZARDS: Do not mix with other chemicals.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

NOTE: Buyer assumes all responsibility for safety and use not in accordance with directions.
