MANUFACTURED FOR
Recreational Water Products
Pool Time Products, PO Box 1449, Buford, GA 30515

WHY TO USE THIS PRODUCT: This product efficiently and economically reduces green and blue-green algae growth in pools. It will not harm pool surfaces or equipment.

IMPORTANT NOTES:

1. Always apply this and other pool treatment chemicals separately, never combine them.
2. When using other products as outlined in directions for this product, always follow directions on those products.
3. Sunlight, rainfall, temperature, number of swimmers and frequency of pool use, all affect the rate of chlorine loss. Always maintain residual chlorine level between 1-3 ppm.
4. This product may foam and therefore should not be used for spa treatment or in pools with attached spas or jetted returns.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in any manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

BEFORE YOU BEGIN:

1. Ensure all pool equipment is working properly. Clean or backwash the filter following manufacturer's directions.
2. Adjust stabilizer levels to 30-50 ppm by adding Stabilizer.
3. Check water alkalinity, pH and calcium hardness with a test kit or test strip. Adjust alkalinity to 80-125 ppm for plaster pools, 125-150 ppm for vinyl or fiberglass pools by adding an alkalinity increaser. Adjust pH to 7.2 - 7.6 by adding a pH decreaser to lower pH, or by adding a pH increaser to raise pH. Adjust calcium hardness to 200-275 ppm for plaster pools, 175-225 ppm for vinyl or fiberglass pools by adding a calcium hardness increaser.
4. Check and adjust residual chlorine level to desirable range of 1-3 ppm.

NOW USE THIS PRODUCT:

Initial Application/Start Up Dose:

1. For initial application, or when visible algae is present, add 13 fluid ounces per 10,000 gallons of pool water

by pouring this product directly into the water along the edge of the pool (in deep area if present). This will provide 2 ppm active ingredient in the water. With pump on, wait at least 15 minutes after application before entering pool.

2. If necessary, the next day, brush dead algae off pool surfaces so it can be filtered away. Repeat step 1 to remove additional algae.

Maintenance Application:

To prevent algae growth add this product every 5-7 days or after heavy rain at a rate of 3 fluid ounces per 10,000 gallons of pool water by pouring this product directly into the water along the edge of the pool (in deep area if present). This will provide 0.5 ppm active ingredient in the water. With pump on, wait at least 15 minutes after application before entering pool.

Swimming Pool Capacity Gallons of Water	Initial Treatment	Weekly Maintenance Dose
5,000	6.5 fl. oz.	1.5 fl. oz.
10,000	13 fl. oz.	3 fl. oz.
20,000	26 fl. oz.	6 fl. oz.
25,000	32.5 fl. oz.	7.5 fl. oz.
30,000	39 fl. oz.	9 fl. oz.

STORAGE AND DISPOSAL: Keep this product tightly closed in original container when not in use. Store in a cool, dry, well ventilated locked area away from heat or open flame. **CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS: KEEP OUT OF REACH OF CHILDREN. DANGER: Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or safety glasses and rubber gloves and protective clothing when handling this product. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. IN CASE OF MEDICAL EMERGENCY, CALL 1-877-800-5553.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

PHYSICAL OR CHEMICAL HAZARDS: Do not mix with other chemicals.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

NOTE: Buyer assumes all responsibility for safety and use not in accordance with directions.
