LICENSED

ANTIMICROBIAL FOR TEXTILES AND SURFACES

PERIOD 2014-2016 LIC. NO.

9625.194

PERIOD 2011-2013 LIC. NO.

INHIBITS GROWTH AND ODOR FROM BACTERIA, MOLD, MILDEW AND FUNGI

ACTIVE INGREDIENT:

Chitosan.....6.00%
 OTHER INGREDIENTS.....94.00%
 TOTAL.....100.00%

**KEEP OUT OF REACH OF CHILDREN
 CAUTION**

**PRECAUTIONARY STATEMENTS
 HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Causes moderate eye irritation. Avoid contact with eyes. Wash thoroughly with soap and water after handling.

FIRST AID STATEMENTS

In eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of National Pollutant Discharge Elimination system (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or regional Office of the EPA.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is intended as a treatment in order to give antimicrobial and antifungal activity to the treated materials. This product inhibits the growth of non-health related organisms such as bacteria, mold, mildew and fungus that cause odor, stains, discoloration, decay and deterioration of the treated materials. Distributors of products containing this product may not make claims of antimicrobial activity other than the protection of the treated material against the growth of bacteria, mold, mildew and fungus or on the treated product. See 40 C. F. R. 152.25(a) for further guidance about treated article claims.

COMMERCIAL USE: This product is used in the finishing process of manufacturing textiles. It is generally applied during or after the dyeing process, at a rate of 0.1-4.0% owg ("on weight of goods") or, relative to the dry weight of the textiles. The textile materials should be soaked in this solution to achieve good saturation and penetration of fibers. After soaking, textile materials should be dried at a temperature of 150-338 degrees F, depending upon the fiber content of the textile material.

Manufacturing of Carpet: This product can be applied to the face or back of the carpet after the drying process. Apply by spray, foam, kiss roll, or flooded nip. Apply at a rate of 1-2% on the face weight or 0.3 to 0.6% per square foot.

For surface applications to textiles, paper, leather, textile wall partitions, wallboard liner and other construction materials, apply as a spray, direct surface application (kiss roll, flooded nip) or foam at a rate of 3-12 fluid ounces of this product per gallon of water, depending upon surface texture and absorption qualities of textile.

APPLICATOR USES: Carpet: Apply to clean carpet. Add 12 ounces of this product to one gallon of water. Apply as a spray or mist. One gallon of solution covers 540 square feet of surface area. Allow to dry before use. In homes, offices, industrial settings apply each time carpet is cleaned or as needed for odors due to mold, mildew, fungi, or bacteria. In athletic facilities, carpet should be cleaned regularly and product applied weekly.

Synthetic Turf: Mix 6 fluid ounces of this product per gallon of water. Apply as a spray rate of 1 gallon of solution to 270 square feet of synthetic turf. If less water is desired in/on turf mix at a rate of 12 fluid ounces product per gallon of water and apply at a rate of one gallon of solution per 540 square feet of synthetic turf. Allow to dry before use. Apply every three months.
Vehicle Interiors: Dilute 6 fl. oz. of this product with 1 gallon water, spray 3 fl. oz. of solution per average size car. Use more solution to cover larger vehicles.

DOMESTIC INDOOR USES: Home use/Laundry: Run laundry through entire rinse cycle. Re-set washer to rinse cycle. Add this product to fabric softener receptacle or directly onto laundry. Repeat rinse cycle. Dry laundry thoroughly. Apply to each load. **NOTE:** Always test for staining in an inconspicuous area. This product should not stain articles not stained by water alone.

Washer Type: Domestic/Coin Operated (less than 30 lb machines)	Front Load	Top Load
Cotton/Cotton blends	1.75 oz/load	4 oz/load
Nylon, polyester & Others synthetics	6.5 oz/load	15 oz/load

As an after-wash treatment for clothing, linens, uniforms, textiles in general: Remove laundry from washer after final spin cycle. Mix 6 ounces of this product per gallon of water and apply to damp or dry articles. Spray each article with solution. Dry thoroughly before use. Apply to each load.

Home use/Other: As a spray for textiles, paper and other porous surfaces such as but not limited to: awnings, bedding, car and boat covers, ceilings, curtains/drapes, linens, mattresses, pet bedding, pillows, shoes, umbrellas, upholstery, vehicle interiors and wallboard. Clean areas or articles to be treated to remove dirt, mold or mildew. Add 6 ounces of this product per gallon water. Apply until thoroughly damp. Allow to dry before use.

Textile	Absorption	Solution fl. oz/gal	Light Material fl. oz/sq yd	Heavy Material fl. oz/sq yd
Nylon	Low	12	0.06	0.25
Polyester	Moderate	6	0.12	0.50
Cotton	High	3	0.25	1.00

As a spray or mist for non-food contact surfaces, such as, but not limited to: fiberglass, masonry, metal, particleboard, vinyl, wood, other interior and exterior surfaces. Clean areas to be treated with appropriate cleaner to remove dirt, mold, mildew, fungi from surface. Mix 3-12 ounces of this product per gallon of water. Apply to surfaces until thoroughly wet. Allow to dry before use.

ATHLETIC/SPORTS EQUIPMENT/FACILITIES: Laundry: Run laundry through entire rinse cycle. Re-set washer to rinse cycle. Add this product to fabric softener receptacle or directly onto laundry. Repeat rinse cycle. Dry laundry thoroughly. Apply to each load.

Washer Type: Domestic/Coin Operated (less than 30 lb machines)	Front Load	Top Load
Cotton/Cotton blends	1.75 oz/load	4 oz/load
Nylon, polyester & Other synthetics	6.5 oz/load	15 oz/load
Large Capacity Washers (30 lb and greater)		
Cotton/Cotton blends	0.125-1.0 oz/gal of water in final rinse cycle	
Nylon, polyester & other synthetics	0.5-4.0 oz/gal of water in final rinse cycle	

This product should be added to the final rinse cycle, along with fabric softener, if used. Use the lowest water level setting. Apply to each load. Dry thoroughly before use. Laundry may be air-dried if desired.

As an after wash treatment for clothing, linens, uniforms, textiles in general: Remove laundry from washer after final spin cycle or drying. Mix 6 ounces of this product per gallon of water and apply to damp articles. Spray each article with solution. Dry thoroughly before use. Apply to each load.

Exercise equipment/surfaces/lockers/mats: First, clean or disinfect articles to be treated with an approved disinfectant. Mix 6 ounces of this product per gallon of water and apply as a spray, mist or wipe with soaked cloth until surface is thoroughly damp. Allow to dry before use. Apply daily to exercise equipment, surfaces and mats. Apply weekly to lockers.

Athletic equipment, including but not limited to: protective helmets, pads, blocking dummies: First, clean or disinfect articles to be treated with an approved disinfectant. Mix 6 ounces of this product per gallon of water and apply as a spray or mist until surface is completely moist. Apply weekly. Allow to dry thoroughly before use.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
Pesticide Storage: Store in original container in a cool, dry place, away from sunlight and out of the reach of children and pets.

Pesticide Disposal: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or recondition, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Bulk Containers: Triple rinse (or equivalent). Then offer for recycling or recondition, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Notice of Warranty: Zep Manufacturing warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with the label directions under normal conditions of use. Zep Manufacturing makes no other express or implied warranties either of merchantability or fitness for a particular use. Handling, storage and use of the product by Buyer or User are beyond the control of Zep Manufacturing and Seller. Risks such as ineffectiveness or other unintended consequences resulting from, but not limited to failure, to follow label directions will be assumed by the Buyer or User. In no case will Zep Manufacturing or Seller be held liable for consequential, special or indirect damages resulting from the handling, storage or use of this product. The terms of this limited warranty and disclaimer cannot be varied by any written or verbal statements or agreements. No employee or agent of the seller is authorized to vary or exceed the terms of the limited warranty and disclaimer in any manner.
