STOP Read entire label before use.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Apply this product only as specified on this label.

TO USE THIS PRODUCT CORRECTLY
DO NOT USE MORE THAN ONE FOGGER PER ROOM.

DO NOT use in small, enclosed spaces such as closets and cabinets or under counters or tables. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. DO NOT use in a room 5 ft x 5 ft or smaller. Instead, allow fog to enter from other rooms.

Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames and running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights. Apply this product only as specified on this label.

General Precautions and Restrictions

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during treatment. Do not allow adults, children or pets to enter the treated area until vapors, mists and aerosols have dispersed and the treated area has been thoroughly ventilated. Cover any water inhabited by fish (such as aquariums and ornamental fish ponds) during treatment, and turn aquarium systems off. All food-preparation surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed. Do not use in greenhouses where plants are grown for food. Exit area immediately and remain outside the treated area until the area is thoroughly ventilated and until aerosols, vapors or mists have dispersed.

Wait two hours after application, then open windows, vents and doors for two hours. If an odor is detected, additional ventilation is required.

Does not control bed bugs.

BEFORE YOU FOG • 1. OPEN cabinets, cupboards, drawers, closets and doors in areas to be treated. 2. REMOVE or cover exposed foods, dishes, utensils, food-processing equipment and surfaces. REMOVE pets and birds and COVER and turn off air flow systems in aquariums. REMOVE or COVER children's and pet toys. COVER waxed wood floors and waxed wood furniture in the immediate area surrounding the fogger (newspaper may be used). 3. CLOSE outside doors and windows. SHUT OFF fans and air conditioners and temporarily disconnect smoke alarms. 4. TURN OFF ALL FLAMES, PILOT LIGHTS, IGNITION SOURCES and running electrical appliances that cycle off and on. Call your gas utility or management company if you need assistance. 5. DO NOT use fogger in a cabinet or under a counter or table.

TO START FOGGING • 1. Place a chair, table or stand in the center of the room to be fogged. Cover with several layers of newspaper or paper towels. SHAKE WELL BEFORE USING. Tilt sprayer AWAY from face (fogger sprays up). 2. Press valve all the way down, hooking the catch. Do not inhale the spray mist. Set fogger on newspapers or paper towels and leave the premises immediately. 3. Use door(s) and ham "fogger in Use" tag on door(s). KEEP TREATED AREA CLOSED AND DO NOT RE-ENTER FOR AT LEAST TWO HOURS. Keeping treated area sealed for a longer period will enhance fogger performance. Vacate the treated house, individual apartment unit or other structure immediately.

AFTER FOGGING • AIRING OUT: BEFORE REOCCUPYING THE AREA, OPEN ALL DOORS AND WINDOWS, TURN ON AIR CONDITIONER AND FANS AND ALLOW TREATED AREA TO AIR OUT FOR TWO HOURS. Turn on smoke alarms and aquariums.

NOTE: When treating for fleas or ticks, clean and treat pet sleeping areas. Also treat dogs and cats with a flea and tick control product registered for use on pets before allowing them to re-enter the treated areas.

STORAGE AND DISPOSAL

Storage: Store in cool, dry area away from heat or open flame. Do Not Puncture or Incinerate! Disposal: If empty: Place in trash or offer for recycling if available. If partially filled: Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION. Avoid contact with eyes, skin and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove contaminated clothing and wash before reuse. Breathing spray mist may be harmful.

First Aid • If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

If Swallowed: Call a Poison Control Center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

Hotline Number: Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. You may also contact 1-800-917-5426 for emergency medical information.

Note to Physician: Contains petroleum distillates—vomiting may cause aspiration pneumonia.
