BLACK FLAG® FOGGING INSECTICIDE

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For use only outdoors in yards, patios, picnic areas, campsites and around swimming pools.

Thermal Applications: This formulation is to be used undiluted. For use in Burgess® and Black Flag® Thermal foggers. For reduction in annoyance from flies, mosquitoes, and gnats in yards, patios, around swimming pools, picnic areas, and campsites. Hold thermal applicator at least five feet from any object, especially plants and shrubbery. Avoid wetting any plant foliage. Apply undiluted at the rate of 96 oz. per 8,712 sq. ft. Fog only when there is no breeze or the wind velocity is less than 3 miles per hour. The ideal time is generally at dusk when the wind dies down and the air temperature and ground temperature are approximately the same. Under these conditions the fog will linger in the treated areas for a longer time. Apply fog while moving away from treated area. Avoid inhalation of the fog. Do not enter the treated area until the fog has dissipated.

Wasps, Hornets, Yellow Jackets: Application should be made in late evening when insects are at rest. Point spray opening away from face. Aim spray at nest openings in bushes, under eaves, chimneys, cracks and crevices. Thoroughly saturate nest with spray, contacting as many insects as possible. Spray liberally into hiding and breeding places.

Earwigs, Sowbugs, Spiders, Centipedes & Millipedes: Apply as a contact spray. Adjust spray to produce large wetting type spray particles. Direct spray to contact these insects. Spray infested areas until thoroughly wet.

STORAGE & DISPOSAL:

Do not contaminate water, food or feed by storage or disposal.

Storage: Store product in original container in an area away from children and pets.

Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

In case of Medical emergencies or health and safety inquiries, or in case of fire, leaking or damaged containers, information may be obtained by calling 1-866-767-5047.

FIRST AID

Call a poison control center or doctor immediately for treatment advice.

If swallowed	<ul style="list-style-type: none"> Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.
If in eye	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

HOTLINE NUMBER

Have the product container number or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-866-767-5047 for emergency medical treatment information.

NOTE TO PHYSICIAN

Contains petroleum distillate - vomiting may cause aspiration pneumonia.

PRECAUTIONARY STATEMENTS:

Hazards To Humans & Domestic Animals

CAUTION: Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Remove pets and cover fish aquariums before spraying.

Environmental Hazards

This product is highly toxic to fish. Do not apply directly to water. Apply this product only as specified on this label. Care should be used when spraying to avoid fish and reptile pets by removing pets and covering fish tanks before spraying.

Physical or Chemical Hazards

Combustible. Do not use or store near heat or open flame. Extinguish open flame before space spraying.

NOTICE: This product contains a chemical known to the State of California to cause birth defects or other reproductive harm.
