

KILLS ANTIBIOTIC RESISTANT BACTERIA*

Disinfectant Spray

STATE OF HAWAII
Department of Agriculture

ACCEPTED

LICENSE NO. **9833.302**

KILLS

- Influenza A Virus
- Respiratory Syncytial Virus
- Salmonella enterica
- Staphylococcus aureus
- Escherichia coli ESBL*

NET WT.:
12.5 OZ.
(354 g)

KEEP OUT OF REACH OF CHILDREN
CAUTION: SEE BACK PANEL FOR
ADDITIONAL PRECAUTIONARY STATEMENTS.

ACTIVE INGREDIENTS:
Alkyl (50% C14, 40% C12, 10% C16) dimethyl benzyl ammonium saccharinate... 0.10%
Ethanol..... 58.00%
OTHER INGREDIENTS:..... 41.90%
TOTAL:..... 100.00%

• Your family comes in contact with germs everyday. • This product helps fight the spread of germs** • Kills antibiotic resistant bacteria* • Kills cold and flu viruses† • Kills 99.9% of bacteria on soft surfaces as a spot treatment*** • Prevents the build-up of mold allergens†† for up to 7 days • Kills odor-causing bacteria • Use this product in:

- Sinks
- Garbage cans
- Refrigerator exteriors

- Bath tubs
- Shower
- Toilet seats

- Door knobs
- Diaper pails
- Telephones

- Couches/Sofas
- Mattresses
- Pet beds

**Kills Staphylococcus aureus, Avian Influenza A Virus, Escherichia coli O157:H7 and Respiratory Syncytial Virus on hard, non-porous surfaces in 3 minutes.

***Kills 99.9% of Staphylococcus aureus on hard, non-porous, non-food contact surfaces in 10 seconds and soft surfaces in 30 seconds.

Disinfects: Kills the following household germs.

VIRUSES:

- Influenza A Virus (New Caledonia/20/99)†
- Avian Influenza A Virus (H1N1)
- Influenza B Virus (Strain B/Hong Kong/5/72)
- Rhinovirus Type 39†
- Respiratory Syncytial Virus (RSV)
- Rotavirus WA
- Herpes Simplex Virus Type 1
- Herpes Simplex Virus Type 2
- Coxsackie Type B3 Virus
- Feline calicivirus (Norovirus)

BACTERIA & FUNGI:

- Salmonella enterica
- Escherichia coli O157:H7 (E. coli)
- Klebsiella pneumoniae NDM-1 positive*
- Klebsiella pneumoniae Carbapenem Resistant*
- Streptococcus pyogenes
- Staphylococcus aureus - Methicillin resistant (HA-MRSA)*
- Enterococcus faecalis - Vancomycin Resistant (VRE)*
- Listeria monocytogenes
- Pseudomonas aeruginosa
- Trichophyton mentagrophytes (Athlete's Foot Fungus)
- Aspergillus niger (mold & mildew)††
- Escherichia coli with extended spectrum beta-lactamase resistance (ESBL)*
- Staphylococcus aureus

This product meets ADAC Germicidal Spray Product Test standards for hospital aerosol disinfectants.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read the entire label before using the product. Pre-clean surfaces prior to use. Hold can upright 6" to 8" from surface. Spray 3 to 4 seconds until covered with mist.

To Deodorize: Spray on surfaces as needed. **To Sanitize:** Surfaces must remain wet for 10 seconds then allow to air dry. **To Disinfect:** Surfaces must remain wet for 3 minutes then allow to air dry. For Norovirus surfaces must remain wet for 10 minutes then allow to air dry. **Rinse toys and food contact surfaces with potable water after use. Fabric Sanitizer:** For spot treatment (2" x 2" area) only. **To Spot Sanitize Soft Surfaces:** Spray until fabric is wet. DO NOT SATURATE. Fabric must remain wet for 30 seconds. Let air dry. For difficult odors, repeat application. **To Control and Prevent Mold & Mildew:** Apply to pre-cleaned surface. Allow to remain wet for 3 minutes. Let air dry. Repeat applications in weekly intervals or when mold and mildew growth appears. Do not use on polished wood, painted surfaces, leather, rayon fabrics, or acrylic plastics. Do not use on silk, rayon acetate or satin fabrics. Always test on a hidden area of fabric.

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Do not spray in eyes, on skin or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID	
If in eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a Poison Control Center or doctor for treatment advice.

CONTACT NUMBER

Questions? Comments or in case of an emergency, call toll free 1-800-228-4722. Have the product container or label with you when calling a Poison Control Center, or doctor, or going for treatment.

PHYSICAL HAZARDS: FLAMMABLE: Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

STORAGE AND DISPOSAL:

Store in original container in areas inaccessible to small children. Do not reuse empty container. Do Not Puncture or Incinerate! Discard in trash or offer for recycling if available.

Important Facts about this product: • This can is made from an average of 25% recycled steel (10% post-consumer). • Encourage your local authorities to establish a program to recycle this can.

- Staphylococcus aureus - Methicillin Resistant (HA-MRSA)
- Listeria monocytogenes
- Pseudomonas aeruginosa
- Trichophyton mentagrophytes (Athlete's Foot Fungus)
- Aspergillus niger (mold & mildew)††

This product meets AOAC Germicidal Spray Product Test standards for hospital aerosol disinfectants.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read the entire label before using the product. Pre-clean surfaces prior to use. Hold can upright 6" to 8" from surface. Spray 3 to 4 seconds until covered with mist.

To Deodorize: Spray on surfaces as needed. **To Sanitize:** Surfaces must remain wet for 10 seconds then allow to air dry. **To Disinfect:** Surfaces must remain wet for 3 minutes then allow to air dry. For Norovirus surfaces must remain wet for 10 minutes then allow to air dry. **Rinse toys and food contact surfaces with potable water after use. Fabric Sanitizer:** For spot treatment (2' x 2' area) only. **To Spot Sanitize Soft Surfaces:** Spray until fabric is wet. DO NOT SATURATE. Fabric must remain wet for 30 seconds. Let air dry. For difficult odors, repeat application. **To Control and Prevent Mold & Mildew:** Apply to pre-cleaned surface. Allow to remain wet for 3 minutes. Let air dry. Repeat applications in weekly intervals or when mold and mildew growth appears. Do not use on polished wood, painted surfaces, leather, rayon fabrics, or acrylic plastics. Do not use on silk, rayon acetate or satin fabrics. Always test on a hidden area of fabric.

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Do not spray in eyes, on skin or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID	
If in eyes:	• Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a Poison Control Center or doctor for treatment advice.

CONTACT NUMBER

Questions? Comments or In case of an emergency, call toll free 1-800-228-4722. Have the product container or label with you when calling a Poison Control Center, or doctor, or going for treatment.

PHYSICAL HAZARDS: FLAMMABLE: Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

STORAGE AND DISPOSAL:

Store in original container in areas inaccessible to small children. Do not reuse empty container. Do Not Puncture or Incinerate! Discard in trash or offer for recycling if available.

Important Facts about this product:

- This can is made from an average of 25% recycled steel (10% post-consumer).
- Encourage your local authorities to establish a program to recycle this can.

- Diaper pails
- Telephones

- Couches/Sofas
- Mattresses
- Pet beds

** Kills Staphylococcus aureus, Avian Influenza A Virus, Escherichia coli O157:H7 and Respiratory Syncytial Virus on hard, non-porous surfaces in 3 minutes.

*** Kills 99.9% of Klebsiella pneumoniae and Staphylococcus aureus on soft surfaces in 30 seconds.

Disinfects: Kills the following household germs.

VIRUSES:

- Avian Influenza A Virus (H1N1)
- Influenza A Virus (New Caledonia/20/99)†
- Influenza B Virus (Strain B/Hong Kong/5/72)
- Rhinovirus Type 39†
- Feline calicivirus (Norovirus)
- Rotavirus WA
- Herpes Simplex Virus Type 1
- Herpes Simplex Virus Type 2
- Respiratory Syncytial Virus (RSV)

BACTERIA & FUNGI:

- Salmonella enterica
- Escherichia coli O157:H7 (E. coli)
- Klebsiella pneumoniae - NDM-1 positive
- Klebsiella pneumoniae Carbapenem Resistant
- Streptococcus pyogenes
- Penicillium chrysogenum††
- Staphylococcus aureus - Methicillin Resistant (HA-MRSA)
- Listeria monocytogenes
- Pseudomonas aeruginosa
- Trichophyton mentagrophytes (Athlete's Foot Fungus)
- Aspergillus niger (mold & mildew)††

This product meets AOC Germicidal Spray Product Test standards for hospital aerosol disinfectants.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read the entire label before using the product. Pre-clean surfaces prior to use. Hold can upright 6" to 8" from surface. Spray 3 to 4 seconds until covered with mist.

To Deodorize: Spray on surfaces as needed. **To Sanitize:** Surfaces must remain wet for 10 seconds then allow to air dry. **To Disinfect:** Surfaces must remain wet for 3 minutes then allow to air dry. For Norovirus surfaces must remain wet for 10 minutes then allow to air dry. **Rinse toys and food contact surfaces with potable water after use. Fabric Sanitizer:** For spot treatment (2" x 2" area) only. **To Spot Sanitize Soft Surfaces:** Spray until fabric is wet. DO NOT SATURATE. Fabric must remain wet for 30 seconds. Let air dry. For difficult odors, repeat application. **To Control and Prevent Mold & Mildew:** Apply to pre-cleaned surface. Allow to remain wet for 3 minutes. Let air dry. Repeat applications in weekly intervals or when mold and mildew growth appears. Do not use on polished wood, painted surfaces, leather, rayon fabrics, or acrylic plastics. Do not use on silk, rayon acetate or satin fabrics. Always test on a hidden area of fabric.

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Do not spray in eyes, on skin or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID

- If in eyes:**
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
 - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
 - Call a Poison Control Center or doctor for treatment advice.

CONTACT NUMBER

Questions? Comments or in case of an emergency, call toll free 1-800-228-4722. Have the product container or label with you when calling a Poison Control Center, or doctor, or going for treatment.

PHYSICAL HAZARDS: FLAMMABLE: Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

STORAGE AND DISPOSAL:

Store in original container in areas inaccessible to small children. Do not reuse empty container. Do Not Puncture or Incinerate! Discard in trash or offer for recycling if available.

Important Facts about this product:

- This can is made from an average of 25% recycled steel (10% post-consumer).
- Encourage your local authorities to establish a program to recycle this can.
