THIS IS HOW COMBAT® OUTDOOR ANT KILLING STAKES WORK:

EFFECTIVENESS GUARANTEED:
COMBAT® stands behind this insect killing system with a full Satisfaction Guarantee. Should you have any questions regarding Combat®, please call 1-800-426-6228.

• **COMBAT Outdoor Ant Killing Stakes contains a totally unique insecticide ingredient which kills most ants commonly found in households. COMBAT® bait stations are effective because ants carry bait back to where they live to destroy queen and entire colony. It even kills ants you don't see outside of your home to prevent more ants from coming inside.**

- **ODORLESS**
- **CHILD-RESISTANT**
- **EASY-TO-USE**

DIRECTIONS FOR USE:

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

1. Break COMBAT bait stations apart from plastic frame.
Use all 12 bait stations at the same time for thorough control.
2. Simply place each bait station by ant trails or close to areas where ants are numerous.
3. Place additional COMBAT bait stations near cracks and crevices, along sills, or anywhere ants may gain entry.
4. Increased ant activity may be seen near the bait stations for short periods and you can expect to see less activity within one week. For best results, do not interfere with the ants or the bait stations during its use because ants must carry the bait back to the colony to destroy the queen and other ants.
5. Replace all bait stations after 3 months of use to keep ants from reappearing.

DISPOSAL: Wrap used bait stations and put in trash.
