ECHOLS<sup>®</sup> by No Bugs<sup>®</sup> M'Lady

GOODBYE ROACHES!<sup>™</sup> 99% BORIC ACID  
Roach Killer

Kills roaches, palmetto bugs, waterbugs, ants & silverfish

Behind refrigerator

Around pipe openings

Behind drawers

PRECAUTIONARY STATEMENTS:

Hazard to humans and domestic animals.

CAUTION:

Harmful if swallowed. May cause eye irritation. Avoid eye contact. Wash thoroughly after handling.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For homeowner use only

Cut section off spout to create a large opening to prevent clogging.

Do not cut below second line on spout.

To control cockroaches, ants and silverfish, apply Goodbye Roaches liberally, scattering under and behind refrigerator, stove, sink, dishwasher, washing machine and dryer, tubs; into openings around drains, water pipes and electrical conduit; and in cracks and crevices along baseboards and corners of cabinets, cupboards, and closets. Remove all lower drawers in kitchen and bathroom cabinets, bedroom dressers and chest of drawers, then scatter liberally in drawer wells. Re-apply as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs.

One pound bottle should be sufficient for up to a 9-room residence.

Roaches and other insects often hide in basements and garage areas. Additional treatment of one pound may be needed.

STATEMENT OF PRACTICAL TREATMENT:

Immediately contact Poison Control Center if swallowed. If eye contact occurs, flush eyes with plenty of water. Get medical attention if irritation persists.

DISPOSAL:

Do not reuse empty container. Wrap container and put in trash collection.
