

ACT 285, HLS 2007
Changes to Hawaii Deposit Beverage Container Law

The following is a summary of changes for certified redemption center operators to review.

Size Increase To 68 Fluid Ounces

Increases the volume limit of deposit beverage containers from 64 to 68 fluid ounces. All eligible deposit beverage containers sized 64 – 68 fluid ounces will be required to be labeled with the HI 5¢ refund value by March 1, 2008. Below is a timeline for the phase-in of deposit containers sized 64 – 68 fluid ounces.

December 1, 2007
Labeling Begins. Distributors and dealers may begin labeling eligible deposit beverage containers sized 64 – 68 fluid ounces with the HI 5¢ refund value. Labeled containers shall not be sold to consumers prior to December 1, 2007.
Recycling Begins. Consumers may begin to recycle containers sized 64 – 68 fluid ounces for refunds regardless if the containers are labeled with the refund value or not.
March 1, 2008
Label Required. Every deposit beverage container holding up to 68 fluid ounces shall be labeled with the HI 5¢ refund value.
Only Labeled HI 5¢ Containers Can Be Recycled. Consumers may only recycle containers holding up to 68 fluid ounces for refunds if the containers are labeled with the HI 5¢ refund value.

Requirement For Minimum Operational Hours

All certified redemption centers shall be open for at least thirty (30) hours a week, and at least five (5) of those hours shall be on a Saturday or Sunday. This requirement only applies to certified redemption centers on the island of Oahu. The Department of Health will assist certified redemption center operators in meeting this requirement by allowing a compliance transition period of 90 days with expected compliance by October 10, 2007.

Clarification To Refuse Payment On Processed/Baled Containers

Certified redemption center operators shall refuse to pay the refund value on deposit beverage containers that exhibit characteristics of having been previously processed and baled.

Clarification On Handling Fee Payments

Certified redemption center operators shall only claim refund value and handling fees on deposit beverage containers that were physically received at their redemption center.
