ACCESS TO RECOVERY

METH

Do you or someone you know have a problem with meth?

FREE Recovery Support Services are available today.

If meth use is a problem for you or someone you know, we can help. Meth users can fully recover from their addiction and take control of their lives again.

The first step is getting treatment. We provide free, confidential, effective recovery support services for meth users.

Recovery support services for meth addiction work. It takes help and support, but every day meth users recover and begin leading healthy, fulfilling lives again. The help you or your loved one needs is available today.

We can help.

We understand the special needs of people who use methamphetamine.

FREE, confidential meth recovery support services are available now.

The Access to Recovery Program provides confidential services for meth users who want to beat their addiction. Vouchers for FREE services are provided for those who qualify.

Call us today at one of our ATR Recovery Support Services (RSS) Units listed on the back of this pamphlet. Speak with a trained coordinator, who can help you design the most effective recovery plan for your life.

There are many paths to recovery.

Hawaii ATR RSS providers are here to help you find your path to healthy, sober living.

RSS Units provide assessment and referral to those services that help make recovery a reality.
