

Aloha all-

If anyone is planning to use or view my ppt presentation about the Role of the Interpreter , please remember that the slides that are numbered with an accompanying statement are prompts for my explanations and audience discussion. The slides are part of the Working with Interpreters survey that asks viewers to rate each statement to see if they strongly disagree, disagree, no opinion, agree or strongly agree with it. I'm concerned that those statements will be viewed as truths, when several are not.

Again, thank you for the opportunity to have been part of this initial and historic conference.

Mahalo,
Jan
