## The GoToWebinar Attendee View

## Webinar Viewer Window

- Having trouble seeing?
  - Maximize your viewer window; and/or
  - Increase the magnification in your viewer window (in lower right corner.)
- To exit full screen - GTW (GoToWebinar) control panel menu
  - Click the button with the square on the tab or
  - View > window

## How to Participate Today

- Open and close your Panel
- View, Select, and Test your audio
- Submit text questions
- Raise your hand
- Q&A addressed at the end of today's session

## Introduction

- State Procurement Office (SPO) on behalf of Office of Information Management Technology (OIMT) conducting procurement.
- All questions/inquiries to be submitted through the Hawaii Electronic Procurement System (HePS).

## Background & History

- March 2009, the Auditor of the State of Hawaii released report 09-06 entitled “Audit of the State of Hawai’i’s Information Technology: Who’s in Charge?” which identified numerous shortcomings in the way the State managed its information technology.
- Act 200 in 2010, amended by Act 84 in 2011, establishing the position of State Chief Information Officer (CIO) to oversee the State’s IT policies and investments.
- July 6, 2011 the Office of Information Management and Technology (OIMT) was established to provide the support to the CIO in developing the statewide Information Technology (IT) Strategic Plan with Sanjeev “Sonny” Bhagowalia appointed as the CIO .
- The Plan, delivered to the Governor in July 2012, presents an 11-year phased approach to reengineering the State’s business processes and consolidating all of the State’s Information Technology (IT) and Information Resource Management (IRM).

## Overview

The resulting contract will enable the State of Hawaii to achieve the following objectives:

- Effectively identify, prioritize and close performance gaps through process improvement, information management, and technology solutions;
- Ensure that the best practical and cost-effective technology is applied to meet the State’s current and future information needs;
- Maximize performance while minimizing redundancies and costs;
- Improve the quality of the State’s inventory of business processes, information exchanges, and hardware and software assets;
- Modeling existing processes, exchanges, and assets; and use these models to plan for future transformation; and
- Ensure uninterrupted mission delivery to the citizens.

## Scope of Work

- The purpose of the RFP is to enter into a contract with a qualified firm to assist OIMT in providing enterprise-wide analysis and design of the State of Hawaii's financial management, human resources management, acquisition, asset and inventory management, payroll, grants management, and time and attendance systems and processes.
- The winning offeror will be precluded from any follow-on work directly related to ERP implementations (e.g. Tax Modernization, Payroll, etc.) however, bidders will not be precluded from bidding for continued managing of consulting support engagements for Governance, Strategic Planning, Program Management, Project Management and Subject Matter Expertise proposals.

## Approach

- These are the areas of services that may be required over the life of the contract. Specific work assignments will be established on a Task Order basis, as noted in Section 2.2 B of this RFP. OIMT reserves the right to adjust hours post award when it is deemed critical to the completion and delivery of a task, or when the scope must be modified to meet business needs.
- Respondents to the proposal shall explain the general approach and/or methodology they will apply in each of the task areas, absent any specific tasking, timelines, or deliverables. The approaches proposed by the Offeror may or may not be adopted by OIMT upon award, but the proposed approaches will be evaluated and used as the basis for scoring in the Technical and Management Approach section of the evaluation methodology, as described in Section 4.

## Approach

- The two (2) task orders included in this RFP will be the basis for Offeror's staffing and pricing proposals.
- It is allowable to have staff perform more than one role that they are qualified for.
- **Task Order One** is a labor hour task order for support for further developing and maintaining the detailed EA, both as-is and to-be, and the Transition and Sequencing Plan for those departments, agencies, and/or business processes that are not directly related to ERP or the seven functional areas covered by it.
- **Task Order Two** is a labor hour task order that entails Enterprise Architecture, Business Process Reengineering (BPR), and System Engineering and Integration support for the functional areas, systems, information, and processes impacted by ERP.

## Task Order 1

### Enterprise Architecture Support

- The purpose of the first Task Order is to provide support to OIMT in the operations of the Office, including planning and execution of the projects that will continue to implement the Business and IT/IRM Transformation Plan
- **Note:** OIMT estimates approximately 4000 hours for this Task Order. The total funding available for this Task Order is \$525,000 .

## Task Order 1 (continued)

The minimum roles required:

- Program Manager (PgM)
- Enterprise Architect
- Health IT Data Architect

## Task Order 2

### ERP Planning and Management Support

- Provide EA, BPR, and Systems Engineering and Integration support to OIMT in the planning, acquisition, and deployment of the State's investment in an Enterprise Resource Planning (ERP) solution
  - The specific tasking will be assigned by OIMT, in consultation with the ERP Executive Sponsor and the ERP Steering Committee.

**Note:** OIMT estimates between 12,000 - 14,000 hours for this Task Order. The total funding available for this Task Order is \$1,930,500.

## Task Order 2 (continued)

The minimum Roles required:

- Program Manager (PgM)
- Business Architect
- Information Architect
- Solutions/Applications Architect
- Technology Architect
- Business Process Engineer
- Systems Engineer/Developer

## Proposal Submittal

- **Offerors shall input \$1.00 as the *Unit Price in US Dollars and Cents* when submitting their offer in HePS.**
- Proposals shall be submitted as attachments on HePS.
- Include the RFP number and offeror name in the file name.
  - Transmittal Letter & Offer Form 1
    - Ink signatures are not required for electronic submission of offer on HePS but shall be required upon Notice of Award
  - Corporate Experience & Capabilities
  - Project Approach
  - Project Organization & Staffing
  - Pricing Sheets
    - Offer Form 2 , Tasks 1 & 2
    - Attachment 3, Qualifications & Cost Summary

## Proposal Submittal (continued)

- Proprietary information shall be contained in a separate file that is clearly identified and propriety/confidential.
- Files should be in PDF format and compatible with Adobe reader version 9 or greater.
- Large files should be split into volumes.

## Overview Of Evaluation Criteria

- The Evaluation Committee consists of at least three (3) governmental employees.
- Evaluation criteria based on the associated points outlined in the RFP, with a maximum of 200 points.
 

– STAFFING	60
– PAST PERFORMANCE	60
– TECHNICAL & MANAGERIAL APPROACH	60
– COST	20

## Overview of Evaluation Criteria (continued)

- Rating and Determination of Priority Listed Offerors
- Discussion with Priority-Listed Offerors
- Best and Final Offers
- Selection and Award
  - 1) Staffing
  - 2) Past Performance
  - 3) Technical & Managerial Approach/Methodology
  - 4) Cost (lowest cost = highest points)

## Overview of RFP Process

- Issuance of RFP. All changes to be made through addenda.
- All questions, responses to questions and proposals shall be received on HePS.
- Evaluation based on the evaluation criteria set forth in the RFP. Review conducted by committee of at least three government employees.
- If discussions are necessary, a priority-list shall be generated consisting of acceptable or potentially acceptable proposals.

## OVERVIEW OF RFP Process (continued)

- Addenda shall be issued inviting priority-listed offerors to submit BAFO.
- BAFO shall be scored on criteria set forth in the RFP.
- Award shall be made to the Offeror whose proposal is scored the highest.

23

## HePS

### The Vendor Commodity Code Profile (NIGP Commodity Code Profile)

- **Primary purpose:** Convenience for vendors
  - Email notifications sent
  - Vendor can look at a filtered list of solicitations instead of all solicitations.
- Not having the commodity code in your profile does NOT prevent a vendor from responding.
  - Just log in and follow instructions for selecting all solicitations (Quick Reference for Vendors).
- Commodity code for this solicitation – 91875, 91829, 91858, 95823

STATE PROCUREMENT OFFICE

## HePS Fees

- Register in HePS – no fee
- Submit an offer (proposal) – no fee
- Awarded –
  - Fee of .85% (.0085) of the award
  - Cap per award of \$5,000
- Paid to HePS application provider, SicommNet (Not to the State)

## HePS Hints

- You may change your response in HePS as many times as you like before submittal due date and time.
  - Delete old; enter new; Verify! (make sure you get a pop-up when you submit; log in again to make sure everything is correct (attachments, etc.) you should also get an email.
- If your files are large, break them into smaller files.
- Do not wait until the last minute to submit! Once submittal deadline has passed, you will not be able to enter or change anything. The **submit** button must be pressed to be considered.
- If you have not pressed the **submit** button before 59 seconds of the submittal deadline you will not be able to submit.
- Note the instructions for entering pricing in HePS are unique to this solicitation. If you respond to other solicitations on HePS you will be expected to enter pricing differently.
- Need help/practice with the mechanics of submitting an offer?
  - SicommNet Vendor Liaison: Michael Matsumoto [mmatsumoto@sicomm.net](mailto:mmatsumoto@sicomm.net) or 808-371-4274 (Michael is in Hawaii)
- Questions specific to the solicitation or on policy regarding HePS
  - HePS buyer for this solicitation, Kevin Takaesu

## Hawaii Compliance Express (HCE)

- HCE is utilized to verify vendor compliance with Hawaii laws to conduct business in the State of Hawaii.
- It is HIGHLY recommended to register as soon as possible. Registration is \$12.00 and can easily be completed at <https://vendors.ehawaii.gov>.
- Award will not be made to a non-compliant Offeror.

## More Information for Vendors

- General information for vendors may be obtained at: <http://hawaii.gov/spo>. Click on *Doing Business With the State*.
- Copy of today's power point is available at: <http://hawaii.gov/spo/training/informational-sessions-for-vendors-contractors-and-service-providers>. Select **Pre-Proposal Conference - RFP-13-008-O, ENTERPRISE RESOURCE PLANNING (ERP) ENTERPRISE ARCHITECTURE AND SYSTEMS ENGINEERING CONSULTING SUPPORT**
- All questions shall be submitted through HePS.
