Subject agenda for next board meeting (UNCLASSIFIED)

History: This message has been replied to and forwarded.

Classification: **UNCLASSIFIED**

Caveats: NONE

Aaron,

I would like the following items placed on this month's board meeting.

1. request of audit of DBEDT's 2006 & 2006 procurements.
2. request for audit of State of Hawaii Public Library System's 2006 & 2007 procurements

I have attached two documents that I wish to have distributed to support my position.

Thank you.

Caveats: NONE Library contracts.doc DBEDT contracts 2007.doc

DBEDT contracts	2007	% of total	2006	% of total
Exemption	87	64%	65	64%
Invitation for bids	13	10%	10	10%
Request for proposals	18	13%	12	12%
Small purchase 15-50,000	14 (9)	4%	5 (3)	2%
Sole source	11	8%	12	12%
Yearly total	135*		101*	

\*In 2007, 9 of the sole source contracts were also listed as Small Purchase. IN 2006, 3 of the sole source contracts were also listed as Small Purchase

This information was compiled from the data provided by SPO. It reflects that in 2007 DBEDT awarded 72% of its contracts noncompetitively (sole source & exemption). In 2006 DBEDT awarded 76% of its contracts noncompetitively. This large number of noncompetitive awards indicates a possible pattern of misusing Exemptions and Sole Source authorities by DBEDT combined with the inconsistency in the use of procurement methods (see below) warrant an audit of DBEDT's contracting activities.

Specific examples include:

#### Sole Source: 2007

1. Removal of coconut trees at Makai Gateway Park
2. Replace 4 water fountains Kakaako Waterfront
3. Repair and maintenance of computers

#### 2006

4. Conducting survey of revenue and employment Hawaii ocean science
5. Catering Grand Opening Ceremony

#### Exemptions: 2007

1. Purchase of books for WUSATA workshops
2. Rental of Canopy for Ceremony
3. Refreshments for Ceremony
4. Surface Preparation for Ceremony
5. Tackcoat or primer for surface preparation for Ceremony
6. Photography services for Ceremony
7. Banner for Ceremony
8. Leis for Ceremony
9. Janitorial Services

2006

10. Safety inspection for electric vehicle
11. Replacement tires for Electric vehicles
12. Repair of Compressor at HCATT program
13. Janitorial Services
14. Janitorial Services

There also appears to be no consistency concerning when to use any of the procurement methods. This indicates a lack of understanding of the proper procurement method to use for a specific requirement.

1. In 2007 of the 87 Exemption procurements 53 were for 50,000.00 or less.
2. Using noncompetitive Exemption method for Janitorial services while also using IFB method for Janitorial services.
3. Surveys being conducted by RFP, Exemption and Sole Source methods.
4. Booth rentals at trade shows conducted by Exemption and Sole Source methods.

## Library contracts

Of the 346 procurements listed for the Hawaii State Public Library System 6 were Small Purchase Method, 1 was IFB and 1 was RFP with the remaining 338 being Exempted under 103D-102 (4)(C) which permits the purchase of the following goods or services which are available from multiple sources but for which procurement by competitive means is either not practicable or not advantageous to the State: Research and reference materials including books, maps, periodicals, and pamphlets, which are published in print video, audio, magnetic, or electronic form.

There appears to be the mistaken belief that (1) there is no need to make the threshold determination that competitive procurement is not practical or advantageous and (2) every item purchased qualifies as a research or reference material.

The failure to identify what items were purchased beyond the simple description of "Library Materials" used of all 338 purchases deprives the public and any other entity of any meaningful oversight of these procurements.

There is no doubt that the misclassification of all the items purchased as "research and reference material" allows the agency to use the Exemption to procure popular fictional reading material. It would be difficult to say that the competitive procurement of fictional reading material would not be practical or advantageous to the State. The large number of purchases from Amazon, Borders and Barnes and Noble indicate that competition exists. The agency would be hard pressed to demonstrate how using either the IFB or RFP Method or even the Small purchase Method would not be practical or advantageous when the Agency knows the Title and number of the books it wants to purchase.

There numerous examples of multiple purchases being made to the same contractor on the same day. The reasons for these multiple purchases needs to be examined to determine if they represent inappropriate splitting of requirements, simply poor procurement practices in failing to consolidate procurements or a valid reason exists.

1. Contract numbers 1569 through 1588 totaling 19 separate awards to EBSCO Publishing were all awarded on 7/28/2006 by the same individual.
2. Ingram Library Services was awarded 6 separate contracts on 1/24/06, 3 separate contracts on 1/30/2006, 2 separate contracts on 1/31/06, and 2 separate contracts on 2/1/06 by the same individual.
3. Amazon.com Credit was awarded 4 separate contracts on 1/24/06 by the same individual.

There is no information provided for any purchases made in FY07.
