

State Procurement Office  
Hawaii eProcurement System (HePS)

Attendance at HePS Training  
By Attendee

Updated 11/10/09

This is the report of personnel who have attended HePS training between January 2007 through the date listed above. The purpose of this report is to provide departments with attendance records for SPO HePS procurement workshops. The report is updated monthly.

Procurement Delegation No. 2008-01, Delegation of Procurement Authority, required personnel to complete appropriate training before conducting or approving any HRS Chapters 103D or 103F procurements. This report assists departments to monitor staff training attendance and whether they have completed the necessary training needed to conduct or approve these procurements. A cumulative report of all SPO workshops, including HePS, is also available.

The attendance report is compiled from the online workshop registration information. Corrections to the report should be e-mailed to Ronnie Correa at [ronnette.l.correa@hawaii.gov](mailto:ronnette.l.correa@hawaii.gov).

A report of personnel who have attended HePS training by Department is also on the SPO website. Attendees are listed by the department the attendee was in at the time the workshop was taken.

Training for HePS occurs year round. More training information is available on the SPO website including:

- workshops required;
- course descriptions;
- prerequisites;
- session schedule;
- registration; and
- handouts.
