For purposes of the fee imposition, a comfort ruling is defined as, a ruling concerning the application of the following high technology tax incentives:

1. The high technology business investment tax credit under section 235-110.9, HRS;
2. The income tax exclusion for royalties and other income derived from patents and copyrights received by an individual or a qualified high technology business and developed and arising out of a qualified high technology business under section 235-7.3, HRS;
3. The income tax exclusion for stock options, dividends from stock, the receipt of options, the exercise of the options, and income from the sale of the options under section 235-9.5, HRS; or
4. The tax credit for research activities under section 235-110.91, HRS.

Section 18-235-20.5-01, HAR, also provides a fee exemption for any person requesting a certificate of either the investment or research credit where the represented claim of the applicable credit is less than \$25,000. Notwithstanding this fee exemption, such person is still subject to the certification requirements and required to submit the applicable certification form.

Any comfort ruling request, Form N-318A, or Form N-319A postmarked after November 4, 2005 must be accompanied by a check for the proper amount made payable to the Director of Finance. Due to the new fee, the Department will no longer accept comfort letter ruling requests submitted by e-mail. All comfort letter ruling requests and forms should be mailed to:
