## GENERAL INFORMATION ON CONDOMINIUMS

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of Hawaii's "Horizontal Property Act" (Chapter 514A, Hawaii Revised Statutes) must be followed.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

Common elements are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called limited common elements and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged, or encumbered, and they may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Some condominium projects are leasehold. This means that the land or the land, building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owner/tenant) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements. The leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

### Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without a vote of the owners. Some of these actions may significantly impact the quality of life for all apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is vitally important to all apartment owners that the transition from developer to owner control be accomplished in an orderly manner and in a spirit of cooperation.

No livestock, poultry or other animals whatsoever shall be allowed or kept in any part of the project, except that dogs and cats in reasonable number and other common household pets which are confined, such as tropical fish or small birds, may be kept by apartment owners and occupants in their respective apartments but shall not be kept, bred or used therein for any commercial purposes nor allowed on any common elements at any time; provided, however, that dogs shall be allowed on common elements when in transit if carried or on a leash. Any pet causing a nuisance or unreasonable disturbance, as determined by the Board or Managing Agent, to any other apartment owner or occupant of the project shall be promptly and permanently removed from the project upon written notice given by the Board.

The apartments shall be occupied and used only as private dwellings by the respective owners thereof, their tenants, families, domestic servants and social guests, and for no other purpose. The apartments shall not be rented for transient or hotel purposes, which are defined as (a) rental for any period less than 30 days, or (b) any rental in which the occupants of the apartment are provided customary hotel services such as room service for food and beverage, maid service, laundry and linen or bellboy service. Except for such transient or hotel purposes, the owners of the respective apartments shall have the absolute right to lease such apartments provided that all leases of such apartments shall be in writing and shall be subject to all provisions of the Declaration and the Bylaws of the Association of Apartment Owners.

A copy of said instrument, together with the filing data, shall be given to the Association by the affected apartment owners within 15 days of the filing thereof.

EXHIBIT F

Merger Provisions

1. This project is another phase of a proposed multi-phase project as described in Paragraph X of the Declaration, which may be developed in two or more phases, all at the option of the Developer. The purpose of the merger provisions of Paragraph X is to provide for a merger of all phases so as to permit the joint use of the common elements of each project by all of the owners of the apartments in the merged projects and the administration of all projects under a single association of apartment owners and board of directors for the merged projects and for a sharing of the common expenses of all projects among all of the owners of apartments in the merged projects. A merger may occur with respect to the first phase and the second phase or any subsequent phases, or any one of them, at the same or different times and merger with respect to one of said phases shall not affect the right of the Developer to merge another phase or phases at a later date subject to all of the provisions of the Declaration. The right of the Developer to merge any and all phases shall terminate on April 14, 1991.

2. The Developer has reserved the right, at its option, at any time until April 14, 1991, to develop approximately 107 additional apartments, together with such supporting and servicing common elements which the Developer determines in its sole discretion are beneficial to the project, on up to approximately 5.245 acres of adjoining land, which land is described below. Such additional apartments may be developed in phases as described below; provided, however, that any such phases shall be owned or controlled by Developer or shall have been developed by Developer:

(a) Phase 1: Approximately 41 apartments on a lot of 2.437 acres. This phase has already been developed.

(b) Phase 2: Approximately 30 apartments on a lot of 1.707 acres. This phase has already been developed.

(c) Phase 3: Approximately 30 apartments on a lot of 1.101 acres.

All improvements in subsequent phases shall be consistent with the improvements in Palehua Villas-Phase 1 in terms of quality of construction, building types, architectural style and

size of units, and shall be substantially completed prior to merger. The facilities which shall be for the common use of all owners in merged phases are the resident manager's apartment and maintenance building in Phase 1 and the driveways in all phases. If Developer in connection with the development of any project on adjoining land substantially departs from the overall development plan described in this paragraph, Developer shall obtain the prior written approval of the Secretary of Housing and Urban Development, which approval shall not be unreasonably withheld, and, prior to the merger of any such project with a previously completed phase or previously merged phases, Developer must obtain the written approval of 67% of the owners of said phase or phases and the written approval of the holders of first mortgages on apartments in said phase or phases to which at least 51% of the votes of apartments subject to such mortgages are allocated.

If Developer decides not to develop any portion of the land described above as a part of Palehua Villas, Developer may unilaterally file in the Office of the Assistant Registrar of the Land Court of the State of Hawaii a notice of withdrawal with respect to the land affected, which withdrawal shall have the effect of freeing such land from any further involvement with Palehua Villas and from the encumbrance of any reference to said land contained in any Declaration of Horizontal Property Regime of any phase of Palehua Villas previously filed in said Office.

3. The Declaration contains additional provision regarding mergers and how they are to be accomplished. Purchasers are referred to these provisions in the Declaration.

4. From and after the date of the recordation of the Certificate of Merger with respect to a particular additional phase, the following consequences, among others, shall ensue:

(a) Use of Common Elements. The apartments in each of the merged phases shall have nonexclusive rights to use the common elements in each phase to the same extent and subject to the same limitations as are imposed upon an apartment in each phase. Each owner in each phase shall have the same rights of use with respect to the common elements in all merged phases as though the merged phases had been developed as one project.

(b) Common Expenses. Each phase shall bear a proportionate share of the total common expenses of the merged phases, as the term "common expenses" is defined in the Declarations of the merged phases. For each phase such proportionate

share shall be equal to the ratio that the aggregate of the net living floor areas of all apartments in the phase bears to the aggregate of the net living floor areas of all apartments in the merged phases. The "net living floor area" of an apartment includes the total net living floor area of the apartment, exclusive of exterior storage closets, garages, lanais and decks. An apartment owner's proportionate share of the total common expenses of the merged phases shall be determined by multiplying the common interest appurtenant to an apartment by the proportionate share of the total of the common expenses allocated to the phase in which the apartment is located.

(c) Voting. Each of the merged phases shall be entitled to vote the same proportionate share of the total votes of the merged phases as is set forth above for the sharing of common expenses. An apartment owner's vote, therefore, on all matters relating to the administration, operation and use of the merged phases, the sharing of common expenses and all other matters which arise out of the affairs of the Association of Apartment Owners of the merged phases shall be determined by multiplying the common interest appurtenant to an apartment by the proportionate share of the total common expenses allocated to the phase in which the apartment is located.

(d) Association of Owners. The Association of Apartment Owners of each merged phase provided for in its respective Declaration shall be merged into a single association and such single association shall enter into a Regulatory Agreement with the Secretary of Housing and Urban Development under which the association shall assume all of the responsibilities of the Associations of the Apartment Owners under the Regulatory Agreements of each merged phase.

(e) Effect of Merger on Costs. If this project is not merged with any other phase of Palehua Villas, the estimated maintenance fees will remain as shown in Exhibit I (the Disclosure Abstract), subject to any presently unanticipated increases in the cost of services. If this project is merged with one or more phases of Palehua Villas, to the best of the Developer's knowledge, some cost savings should result, but these may be offset by presently unanticipated increases in the cost of services.

EXHIBIT G

Summary of Sales Contract

The Sales Contract contains the price and other terms and conditions under which a purchaser will agree to buy an apartment in the Project. Among other things, the Sales Contract says:

(a) What a purchaser must do to qualify for a loan if the purchaser wants a mortgage loan to cover part of the purchase price.

(b) That a purchaser's money will be held in escrow, under the terms of the Escrow Agreement.

(c) That a purchaser will not receive interest on deposits made under the Sales Contract.

(d) That the apartment will be subject to various other legal documents which the purchaser should examine.

(e) That the developer must close the purchase at a certain date and that Developer will pay all closing costs, except those related to a purchaser's mortgage loan.

(f) That the Sales Contract will be subordinate to the lien of a construction lender.

(g) That the project will be subject to ongoing construction and sales activities which may result in certain annoyance to purchaser.

(h) That Developer makes no rental representations in connection with the sale of units.

The Sales Contract contains various other provisions with which the purchaser should become acquainted.

EXHIBIT H

Summary of Escrow Agreement

The Escrow Agreement sets up an arrangement under which the deposits which a purchaser makes under a Sales Contract will be held by a neutral party ("Escrow"). Under the Escrow Agreement these things will or may happen:

- (a) Escrow will let purchasers know when payments are due.
- (b) Escrow will arrange for purchasers to sign all necessary documents.
- (c) The Escrow Agreement says under what conditions a refund will be made to a purchaser.
- (d) The Escrow Agreement says what will happen to a purchaser's funds upon a default under the Sales Contract.

The Escrow Agreement contains various other provisions and establishes certain charges with which the purchaser should become acquainted.
