## GENERAL INFORMATION ON CONDOMINIUMS

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of Hawaii's "Condominium Property Act" (Chapter 514A, Hawaii Revised Statutes) must be followed.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owner/tenant) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements. The leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

Common elements are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called limited common elements and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged, or encumbered, and they may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

### Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without a vote of the owners. Some of these actions may significantly impact the quality of life for all apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is vitally important to all apartment owners that the transition from developer to owner control be accomplished in an orderly manner and in a spirit of cooperation.

They provide for the manner in which the Board of Directors of the Association of Apartment Owners is elected, the powers and duties of the Board, the way in which meetings will be conducted, and other matters which affect how the condominium project will be governed.

The Bylaws for this condominium are:

Proposed  
 Recorded - Bureau of Conveyances - Document No. \_\_\_\_\_  
Book \_\_\_\_\_ Page \_\_\_\_\_  
 Filed - Land Court - Document No. 1797932

Amendment date(s) and recording/filing information:

The Condominium Statute (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

- D. **House Rules.** The Board of Directors may adopt house rules to govern the use and operation of the common elements and individual apartments. House rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais, keeping of pets, and occupancy limits. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial house rules are usually adopted by the developer.

The House Rules for this condominium are:

Proposed                       Adopted                       Developer does not plan to adopt house rules.

E. **Changes to Condominium Documents**

Changes to the Declaration, Condominium Map, and Bylaws are effective only if they are duly adopted and recorded and/or filed. Changes to House Rules do not need to be recorded or filed to be effective.

1. **Apartment Owners:** Minimum percentage of common interest which must vote for or give written consent to changes:

No rights have been reserved by the developer to change the Declaration, Condominium Map, Bylaws or House Rules.

Developer has reserved the following rights to change the Declaration, Condominium Map, Bylaws or House Rules

The Developer has reserved the right to make any changes to said documents, and any other documents affecting this Project, as may be required by law, any title insurance company, or as Developer decides is necessary, all without the consent or approval of the Purchaser, provided that the changes do not substantially impair the prospective use and enjoyment of the apartment, materially alter the arrangement of the rooms or reduce the useable space within the apartment; render unenforceable the Purchaser's mortgage loan commitment; increase Purchaser's share of common expenses or reduce the obligations of the Seller for common expenses on unsold apartments; Developer also reserves the right to file the as-built verified statement required by Section 514A-12 of the Hawaii Revised Statutes, as amended, and also to make any changes to the documents necessary in connection with the merger of this Project as set forth in paragraph K, page 17 of this report.

For Subleaseholds:

- Buyer's sublease may be cancelled if the master lease between the sublessor and fee owner is

Uses	<u>  x  </u>	<u>                    </u>	<u>                    </u>
Structures	<u>  x  </u>	<u>                    </u>	<u>                    </u>
Lot	<u>  x  </u>	<u>                    </u>	<u>                    </u>

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project intended to be used by all apartment owners. They are owned jointly by all apartment owners.

Exhibit     B     describes the common elements.

As follows:

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which may use them are:

described in Exhibit \_\_\_\_\_

as follows:

- (a) The mailbox bearing the same designation as the apartment;
- (b) The fenced courtyard area adjoining the apartment (for apartments on the ground floor);
- (c) The lanai area adjacent to second story apartments;
- (d) The storage closet located on the lanai (except for Apartment Type 717 which has no exterior storage closet).
- (e) One or more automobile parking stalls assigned to each apartment upon the original conveyance thereof which are appurtenant to and for the exclusive use of such apartment.

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is often used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium. It may also be used for other purposes, including voting on matters requiring action by apartment owners.

Exhibit     A     describes the common interests for each apartment.

As follows:

E. **Encumbrances Against Title:** An encumbrance is a claim against or a liability on the property.

Exhibit  C  describes the encumbrances against the title contained in the title report dated  February 1, 1991  and issued by  Security Title Corporation .

**Blanket Liens:**

A blanket lien is a mortgage on a condominium project that secures a construction loan. It is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

[ ] There are no blanket liens affecting title to the individual apartments.

[ x ] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. Buyer's interest will be affected only if the developer defaults prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest If Developer Defaults</u>
Mortgage	Lender has priority over Purchaser's rights under a Sales contract, and has a right to terminate sales contracts upon foreclosure of its mortgage before apartment sale is closed. Should the lender terminate Purchaser's Sales Contract, Purchaser shall be entitled to a refund of all deposits less a nominal cancellation fee.

F. **Management of the Common Elements:** The Association of Apartment Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a managing agent to assist the Association in managing the condominium project.

**Initial Managing Agent:** When the developer or the developer's affiliate is the initial managing agent, the management contract must have a term of one year or less and the parties must be able to terminate the contract on notice of 60 days or less.

The initial managing agent for this condominium is:

- [ x ] not affiliated with the Developer.
- [ ] the Developer or the Developer's affiliate.
- [ ] self-managed by the Association of Apartment Owners.
- [ ] other \_\_\_\_\_

**G. Estimate of Initial Maintenance Fees:**

The Association will make assessments against your apartment to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, your apartment may be liened and sold through a foreclosure proceeding.

Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided to each apartment.

Exhibit  D  contains a schedule of maintenance fees and maintenance fee disbursements.

Exhibit D is only an estimate.

**H. Utility Charges for Apartments:**

Each apartment will be billed separately for utilities except for the following checked utilities which are included in the maintenance fees:

Not applicable

Electricity

Television Cable

Gas

Water & Sewer

Other \_\_\_\_\_

**I. Construction Warranties:**

Warranties for individual apartments and the common elements, including the beginning and ending dates for each warranty, are as follows:

1. **Building and Other Improvements:** The Developer warrants against defects in the apartment due to faulty material or workmanship which are discovered and brought to the attention of Developer within one year from the date of conveyance of title to the apartment owner or the date of occupancy, whichever occurs first. In addition, the Developer warrants the common elements against all defects for a period of two years from the date of completion of the common elements or two years from the date the first apartment in the Project is conveyed to a purchaser other than the Developer, whichever is later. For purposes of this warranty, the Developer agrees to repair, renovate, restore or replace any defective material or workmanship within the respective warranty periods. ROUTINE MAINTENANCE WORK IS NOT COVERED BY ANY WARRANTY.

2. **Appliances:** Warranties on appliances furnished with an apartment are not provided by the Developer. The execution and delivery of the apartment deed will operate as an assignment from the Developer to the purchaser of the respective manufacturers or dealers' warranties, if any.

**J. Status of Construction and Estimated Completion Date:**

Construction on the project is expected to be completed in late April, 1991.

**K. Project Phases:**

The developer  has  has not reserved the right to add to, merge, or phase this condominium.

**Summary of Developer's Present Plans for Future Development:**

The project is the third increment of the Palm Villas II project which is ultimately planned to consist of 382 apartments to be developed in eight separate increments. Each increment will be a separate condominium project. The Developer intends to merge the eight increments for purposes of administration and use so that the management, control, administration and use of the eight condominium projects will be unified under one Association of Apartment Owners. The merger will only affect the administration and use of the increments and result in the sharing of common expenses. It will not affect the ownership of the apartments nor their appurtenant common interests in their respective increments.

The apartments in each increment will be substantially similar in design and construction, and none of the increments shall contain particular facilities or amenities which could substantially increase the upkeep or maintenance of the entire project.

The documentation for this Increment CC (Registration No. 2388) is substantially the same as that for Increments AA (Registration No. 2354) and BB (Registration No. 2355) of this project. The Public Reports for Increments AA and BB are available for buyer's inspection upon request.

**L. Sales Documents Filed With the Real Estate Commission:**

Sales documents on file with the Real Estate Commission include but are not limited to:

Notice to Owner Occupants

Specimen Sales Contract

Exhibit       E       contains a summary of the pertinent provisions of the sales contract.

Escrow Agreement dated October 1, 1990

Exhibit       F       contains a summary of the pertinent provisions of the escrow contract.

#### IV. ADDITIONAL INFORMATION NOT COVERED ABOVE

1. The Developer has reserved the right to the respective Associations of Apartment Owners of Palm Villas, Increment II to purchase an apartment in one of the increments of Palm Villas, Increment II which the Association may use as lodging for a resident manager. The Developer will select an apartment unit and offer the unit for purchase by the respective Associations of Palm Villas, Increment II.

2. The Developer has no control over certain activities on adjacent property owned by others ("Activities on Adjacent Land"). For example:

a. The Project is located in the vicinity of several military installations, including Barber's Point Naval Air Station and the West Loch Branch of the Lualualei Naval Magazine ("West Loch"). In the event of military action, these military installations are sensitive areas. The Navy has denoted an area east of the Project as an Explosive Safety Hazard Zone in connection with munitions which may be loaded onto ships at West Loch. This area is depicted on a map which is available for inspection in the sales office of the Developer. The Navy has represented that the boundary of said area represents the probable limit of any impact on the adjacent community;

b. The Project is located in the vicinity of a commercial airport (Honolulu International Airport) and a military air base (Barber's Point Naval Air Station) and there is a likelihood of noise from planes passing overhead or nearby;

c. The Project is near or adjacent to land that is used for the cultivation and harvesting of sugar cane and other agricultural products. The Hawaii Right-to-Farm Act (H.R.S. Ch. 165) and Hawaii law limit the types of farm activities that may be deemed a nuisance.

d. The Project is located near the Honouliuli Sewage Treatment Plant.

e. The Project is located near a temporary cane haul road connecting Geiger Road and Renton Road. This cane haul road will, at a later date, become a major roadway connecting the various communities in Ewa (such as the Ewa Marina and Kapolei City projects being developed by others). A portion of the Project is also adjacent to Kolowaka Drive, the main entry and exit road in the EWA by Gentry planned community which leads to Fort Weaver Road.

These Activities on Adjacent Land may cause some unpleasant odors, surface water runoff, noise, dust, smoke, and other unpleasant effects that may bother or be a nuisance to buyers and other occupants and invitees of the Project. The apartment deed will contain provisions that the buyer will indemnify the Developer, entities related to the Developer, and the different parties that

own and use the Adjacent Land from any liability, claims or expenses resulting from claims made by the Buyer as a result of Activities on Adjacent Land, except for damages caused by negligence or willful misconduct.

3. The Palm Villas II project consists of nine (9) lots. Each of the eight increments of the Palm Villas II project (Increments AA through HH) will be constructed on one of the lots. The Recreation Center will be constructed on the remaining lot. The lot on which the Increment CC project (this project) is situated consists of 1.421 acres. The entire Palm Villas II project, including the Recreation Center, will occupy 15.720 acres.

**Buyer's Right to Cancel Sales Contract:**

**A. Rights Under the Condominium Statute:**

Preliminary Report: Sales made by the Developer are not binding on the prospective buyer. Sales made by the Developer may be binding on the Developer unless the Developer clearly states in the sales contract that sales are not binding. The Developer has reserved the right to merge all of the increments of Palm Villas II as set forth in the Declaration. Although the Developer does not know at this time when all of the increments of Palm Villas II can be merged; it anticipates being able to merge Increments AA, BB, CC and DD August or September of 1991. A tentative budget for Palm Villas II based upon the merger of Increments AA, BB, CC and DD is attached hereto as Exhibit D-2 ("Merged Budget"). The actual budget may vary depending on expenses as calculated at the time of merger. Once Increments AA, BB, CC and DD have been merged, the maintenance fees will be recalculated based upon the projects expenses for the merged increments; however if the expenses remain the same as those shown in the Merged Budget the maintenance fees for Unit Type 414 will be approximately \$73; for Unit Types 484 and 485 approximately \$90; for Unit Type 716 approximately \$125 and for Unit Type 717 approximately \$130. These projected maintenance fees after merger of Increments AA through DD are tentative and are subject to change but are based on the managing agent's best estimate and information available at this time. No budget or estimate of maintenance fees for the Palm Villas II project after merger of all increments is available at this time.

It is anticipated that a resident manager for the Project will be hired when approximately 200 units are occupied. The Developer anticipates this will occur in the summer or fall of 1991. The expenses related to the Resident Manager are included only in the Merged Budget. Until the Palm Villas, Increment II Association makes a decision regarding the purchase of an apartment for the Resident Manager an apartment will be rented for the Resident Manager from the Developer.

The Developer anticipates that the Recreation Area will be ready for use sometime in the fall of 1991. The expenses relating to the Recreation Area are included only the the Merged Budget.

The foregoing maintenance fees do not include the dues payable to the Ewa by Gentry Community Association. At the present time, those dues are \$30 per quarter.

Summary of Sales Contract

The Sales Contract contains the price and other terms and conditions under which a buyer will agree to buy an apartment in the Project. Among other things, the Sales Contract says:

1. That the buyer of the apartment must live in the apartment for at least 12 months.
2. What the obligations are of the buyer if the buyer wants a mortgage loan to cover part of the purchase price.
3. That a buyer's money will be held in escrow, under the terms of the Escrow Agreement.
4. That a buyer will not receive interest on deposits made under the Sales Contract.
5. That the apartment will be subject to various other legal documents which the buyer should examine.
6. That the Project will be subject to ongoing construction and sales activities which may result in certain annoyances to buyer.
7. That the Seller has no control over certain activities on adjacent property owned by others including agriculture, military, utility and aviation; that these activities may cause some inconveniences to the buyers; and that the buyer will indemnify the Developer and the owners of the properties involved except in cases of negligence or willful misconduct.
8. That under certain circumstances where the apartment is ready for occupancy and the buyer has not completed his financing arrangements for the purchase of the apartment, buyer will be responsible for all of the Seller's expenses as a result of buyer's delay.

EXHIBIT "F"

Summary Of Escrow Agreement

The Escrow Agreement sets up an arrangement under which the deposits which a purchaser makes under a Sales Contract will be held by a neutral party ("Escrow"). Under the Escrow Agreement these things will or may happen:

1. Escrow will let buyers know when payments are due.
2. The Escrow Agreement says that interest on buyer's deposits will accrue in favor of the Developer and not the buyer unless the Sales Contract specifically provides that interest be credited to the buyer.
3. Escrow will arrange for buyers to sign all necessary documents.
4. The Escrow Agreement says under what conditions a refund will be made to a buyer.
5. The Escrow Agreement says what will happen to a buyer's funds upon a default under the Sales Contract.
6. The Escrow Agreement contains various other provisions and establishes certain charges with which the buyer should become acquainted.
