However, as is typical in construction projects, there are a number of circumstances which may require the extension of this estimated completion date, including but not limited to fire, earthquake, other acts of God, war or civil disturbance, litigation or threats of litigation, strikes or labor trouble, the unavailability or delay in obtaining necessary labor or materials, and other circumstances.

The Project will have access from North Kaniku Drive.

C. Additional Information Not Covered Above

Mauna Lani Resort Association

Through the homeowners association, Purchasers are responsible for their share of assessments by the Mauna Lani Resort Association. The estimated assessments, levied monthly (and is included in the estimated maintenance fees in Exhibit I), are approximately \$102 per Apartment.

Recreation Complex Association

Purchasers are responsible for their share of assessments by the Recreation Complex Association. The estimated monthly expense is \$40 per Apartment.

Pets

As stated in the Bylaws and House Rules, certain pets are allowed to be kept in an Apartment and may be on the Project. However, pets may be prohibited in certain areas governed by the Mauna Lani Resort Association outside of the Project, which may change from time to time. Owners who have pets and have questions as to the location of these prohibited areas should contact the Mauna Lani Resort Association at 68-1310 Mauna Lani Drive, Suite 101, Kohala Coast, Hawaii 96743-9704, telephone (808) 885-6677 and review the Association's documents concerning the subject.

Separate Final Public Reports

As indicated on Page 1 hereof, this Final Public Report only covers 78 of the 126 apartments that comprise the Project. In other words, as a sales strategy, the Developer has opted to obtain one or more separate Final Public Reports for the remaining apartments of the Project. Each group of apartments subject to a separate Final Public Report shall be referred to in this paragraph as a "Sales Phase." Phase I, consisting of the first 48 apartments, has already been issued a Final Public Report (Reg. No. 5589 6/30/06).

Purchasers shall therefore be aware that not all 126 apartments in the Project as described in the Contingent Final Report will be closing at or about the same time, but rather in phases over a period of time. Further, the Developer shall obtain one or more separate Final Public Reports for all of the apartments in the Project.

The Developer hereby discloses that although separate Final Condominium Public Reports will be issued for each Sales Phase of the Project, all 126 apartments shall comprise a single condominium project. In other words, the act of separating the various apartments into different Sales Phases does not create separate and distinct condominium projects. Accordingly, the common elements described in Exhibit "E" of this Condominium Public Report serve each of the 126 apartments. Purchasers should be aware, therefore, that a blanket lien which arises against the common elements will affect all of the apartments of the Project notwithstanding the fact that separate Final Condominium Public Reports have been obtain for each Sales Phase.

Maintenance and Start Up Fees

Exhibit "I" is for the Estimated Maintenance of all 126 apartments, including the 78 designated herein.

HRS 514B - New Condominium Law Codification

A new condominium law for the State of Hawaii will take effect as of July 1, 2006 and is codified as Hawaii Revised Statutes Chapter 514B ("HRS 514B"). The existing condominium law, found at Hawaii Revised Statutes Chapter 514A, will continue to be applicable to this Project, subject to certain sections being superceded by HRS 514B. Buyers should retain counsel to answer any questions they may have with regard to the affect HRS 514B will have on this Project.

D. The developer hereby certifies that all the information contained in this Report and the Exhibits attached to this Report and all documents to be furnished by the developer to buyers concerning the project have been reviewed by the developer and are, to the best of the developer's knowledge, information and belief, true, correct and complete.

EXHIBIT "I"

Estimate of Initial Maintenance Fees AND Estimate of Maintenance Fee Disbursements

Estimate of Initial Maintenance Fees for Each Apartment Type (not aggregate):

<u>Apartment</u>	<u>Monthly Fee x 12 months = Yearly Total</u>	
Type A1 & A1 (reverse)	\$ 1,070	\$12,843
Type A2 & A2 (reverse)*	\$ 1,158	\$13,901
Type B1 & B1 (reverse)	\$ 763	\$ 9,151
Type B2 & B2 (reverse)	\$ 1,096	\$13,152
Type B3 & B3 (reverse)	\$ 934	\$11,213

Maintenance fees are intended to cover the Common Expenses of the Project (i.e., the expenses attributable to the maintenance and operation of the "general" Common Elements of the Project). Maintenance fees shall be charged to each Apartment Owner based upon said Owner's Common Interest.**

* Due to Apartment 102's slightly larger common interest (as described in Exhibit "G"), Apartment 102's estimated maintenance fees are \$1,165 per month (or \$13,979 annually).

** Except for those maintenance fees paid as part of the closing costs, the Apartment owner shall not be obligated for the payment of his respective share of the common expenses until such time the developer files an amended abstract with the Commission which shall provide, that after a date certain, the respective Apartment owner shall thereafter be obligated to pay for his respective share of common expenses that is allocated to his Apartment.

Recreation Complex Assessment.

The estimates of the initial maintenance fees do not include each Apartment's share of the Recreation Complex Association expenses and assessments. As set forth in this Exhibit "I", the estimate of the initial expenses and assessment from the Recreation Complex Association is \$85 per Apartment. This amount does not include assessments for capital reserves.

The amounts set forth in this Exhibit "I" are estimates only. Such estimates are not intended to be and do not constitute any representation or warranty by the Developer, including but not limited to any representation or warranty as to the accuracy of the estimates. The estimated initial maintenance fees for each Apartment by Apartment type does not include assessments for capital reserves. Reasonable efforts to consider current information were used to determine these estimates. However, as is typical, these estimates may change for any number of reasons, including but not limited to changes in the economy, amounts charged by service providers or Acts of God (such as the affect Hurricane Katrina which has resulted in an increase in insurance premiums).

Reserve Assessment:

The Developer has not completed an independent, third party reserve study as contemplated by §514A-83.6, HRS, and the replacement reserve rules, subchapter 6, Title 16, Chapter 107, Hawaii Administrative Rules, as amended (collectively, the "Reserves Law"), at this time for either the Project or the Recreation Complex.

For both the Project and the Recreation Complex, "Start-up fees" in an amount equal to two (2) months of the estimated maintenance fees will be collected from each purchaser at closing to start funding the maintenance fees and one (1) month of maintenance fees will be collected from each purchaser at closing to start funding the reserves. This one-time reserves payment is to be made by each purchaser and will be supplemented by an assessment to be determined by the Association in accordance with the Reserves Law.

The Real Estate Commission has not reviewed the estimates of maintenance fee assessments and disbursements for their accuracy or sufficiency
