## **General Information On Condominiums**

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

## **Operation of the Condominium Project**

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

### 3. CREATION OF THE CONDOMINIUM AND CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

#### 3.1 Declaration of Condominium Property Regime

The Declaration of Condominium Property Regime contains a description of the land, buildings, units, common interests, common elements, limited common elements, and other information relating to the condominium project.

Land Court or Bureau of Conveyances	Date of Document	Document Number
Land Court	August 4, 2006	3464554

Amendments to Declaration of Condominium Property Regime		
Land Court or Bureau of Conveyances	Date of Document	Document Number

#### 3.2 Bylaws of the Association of Unit Owners

The Bylaws of the Association of Unit Owners govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Unit Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters that affect how the condominium project will be governed.

#### 3.3 Condominium Map

The Condominium Map contains a site plan and floor plans, elevations and layout of the condominium project. It also shows the floor plan, unit number and dimensions of each unit.

**3.4 House Rules**

The Board of Directors may adopt rules and regulations (commonly called "House Rules") to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the Developer. Changes to House Rules do not need to be recorded to be effective.

The House Rules for this project:

Are Proposed	<input type="checkbox"/>
Have been Adopted and Date of Adoption	<input checked="" type="checkbox"/> January 11, 2007
Developer does not plan to adopt House Rules	<input type="checkbox"/>

**3.5 Changes to the Condominium Documents**

Changes to Condominium Documents: Changes to the Declaration, Bylaws and Condominium Maps are effective only if they are duly adopted and recorded. Where permitted, the minimum percentage of the common interest that must vote for or give written consent to changes to the Declaration, Bylaws and Condominium Map are set forth below. The percentages for any individual condominium project may be more than the minimum set by law if the Declaration or Bylaws for the project so provide.

Document	Minimum Set by Law	This Condominium
Declaration	67%	67%
Bylaws	67%	67%

**3.6 Rights Reserved by the Developer to Make Changes to the Condominium Project or Condominium Documents**

<input type="checkbox"/>	No rights have been reserved to the Developer to change the Declaration, Bylaws, Condominium Map or House Rules (if any).
<input checked="" type="checkbox"/>	Developer has reserved the right to change the Declaration, Bylaws, Condominium Map and House Rules (if any) and to add to or merge the project or to develop the project in one or more phases, and such rights are summarized as follows:  See Exhibit G.

## 4. CONDOMINIUM MANAGEMENT

### 4.1 Management of the Common Elements

<p><b>Management of the Common Elements:</b> The Association of Unit Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.</p>	
<p>The Initial Condominium Managing Agent for this project is (check one):</p>

<input type="checkbox"/>	None (self-managed by the Association)
<input type="checkbox"/>	The Developer or an affiliate of the Developer
<input type="checkbox"/>	Other (explain)

### 4.2 Estimate of the Initial Maintenance Fees

<p><b>Estimate of the Initial Maintenance Fees:</b> The Association will make assessments against your unit to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, a lien may be placed on your unit and the unit may be sold through a foreclosure proceeding. Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.</p>
<p>Exhibit <u>H</u> contains a breakdown of the estimated annual maintenance fees and the monthly estimated maintenance fee for each unit, certified to have been based on generally accepted accounting principles, with the Developer's statement as to when a unit owner shall become obligated to start paying the unit owner's share of the common expenses.</p>

### 4.3 Utility Charges to be Included in the Maintenance Fee

<p>If checked, the following utilities are included in the maintenance fee:</p>

### 5.2 Sales to Owner-Occupants

If this project contains three or more residential units, the Developer shall designate at least fifty percent (50%) of the units for sale to Owner-Occupants.

<input checked="" type="checkbox"/>	The sales of units in this project are subject to the Owner-Occupant requirements of Chapter 514B (Note: Sales of <u>all</u> units, except Unit No. 107, will be subject to HHFDC Owner-Occupant requirements)
<input checked="" type="checkbox"/>	Developer has designated the units for sale to Owner-Occupants in this report.* See Exhibit <u>A</u> . *Except for the resident manager's unit (Unit No. 107), <u>all</u> of the Units will be designated for sale to Owner-Occupants <u>only</u> , pursuant to HHFDC requirements. See p.18, Item 6.a.
<input type="checkbox"/>	Developer has or will designate the units for sale to Owner-Occupants by publication.

### 5.3 Blanket Liens

Blanket Liens: A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project or more than one unit that secures some types of monetary debt (such as a loan) or other obligation. Blanket liens (except for improvement district or utility assessments) must be released as to a unit before the developer conveys the unit to a purchaser. The purchaser's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the unit to the purchaser.

<input type="checkbox"/>	There are <u>no blanket liens</u> affecting title to the individual units.
<input checked="" type="checkbox"/>	There are <u>blanket liens</u> that may affect title to the individual units.

Type of Lien	Effect on the Purchaser's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance
Mortgage Lien(s) of Developer's Lender	Buyer's interest is specifically made subject and subordinate to such lien(s). Buyer's contract may be canceled and Buyer may lose all rights to acquire the unit. Buyer's deposit, less escrow cancellation fee, will be returned if default and foreclosure occur before conveyance. However, should Buyer's deposit be disbursed by Escrow and the lien foreclosed prior to conveyance to Buyer, Buyer may not be able to recover any deposits. Note: At the time of the first conveyance of each unit, each of Developer's lender(s)' lien(s) will be paid and satisfied of record, and the unit being conveyed and its common interest shall be released therefrom.

### 5.4 Construction Warranties

Construction Warranties: Warranties for individual units and the common elements, including the beginning and ending dates for each warranty (or the method of calculating them), are as set forth below:
Building and Other Improvements: Developer's sole warranty will be provided in the form attached to this Public Report as Exhibit K.
Appliances: Developer makes no warranty as to appliances or other consumer products installed in any apartment or in the common elements. If there are no applicable manufacturer's or dealer's warranties relating to such appliances or other consumer products, Developer will endeavor to assign and pass on to each apartment owner the benefit of such warranties. See Exhibit K.

**5.5 Status of Construction, Date of Completion or Estimated Date of Completion**

Status of Construction: The estimated start of construction of the first apartment building is March 2007. The estimated completion date of the second apartment building and the Project is June 2008.
Completion Deadline: If a sales contract for a unit is signed before the construction of the unit has been completed, or, in the case of a conversion, completion of any repairs, does not occur by the completion deadline set forth below, one of the remedies available to a purchaser is a cancellation of the purchaser's sales contract. The sales contract may include a right of the Developer to extend the completion deadline for force majeure as defined in the sales contract. The sales contract may also provide additional remedies for the purchaser.
Completion Deadline for any unit not yet constructed, as set forth in the sales contract: Two (2) years after each purchaser's sales contract becomes binding, subject, however to force majeure, as defined in the sales contract.
Completion Deadline for any repairs required for a unit being converted, as set forth in the sales contract: N/A

**5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance**

The Developer is required to deposit all moneys paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.

**5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance**

<input type="checkbox"/>	The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project. If the box to the left is checked, Sections 5.6.2 and 5.7, which follow below, will not be applicable to the project.
--------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**5.6.2 Purchaser Deposits Will Be Disbursed Before Closing**

Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain projects costs. For this project, the Developer indicates that purchaser deposits may be used to the following purposes (check applicable box):	
<input checked="" type="checkbox"/>	For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or
<input type="checkbox"/>	For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses.

In connection with the use of purchaser deposits (check Box A or Box B):

<p><b>Box A</b> <input type="checkbox"/></p>	<p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p><b><u>Important Notice Regarding Your Deposits:</u></b> Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</p>
<p><b>Box B</b> <input checked="" type="checkbox"/></p>	<p>The Developer has <b>not</b> submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the <b><u>Important Notice Regarding Your Deposits</u></b> set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <b><u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u></b> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <b><u>Important Notice Regarding Your Deposits</u></b> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p>

**Material House Bond.** If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

## 5.7 Rights Under the Sales Contract

Before signing the sales contract, prospective purchasers should carefully review all documents relating to the project. These include but are not limited to the documents listed below. Items 2, 3 and 4 are made a part of this public report, as well as Item 5, if any, and are being delivered to you with this report.

1. **Developer's Public Report**
2. **Declaration of Condominium Property Regime (and any amendments)**
3. **Bylaws of the Association of Unit Owners (and any amendments)**
4. **Condominium Map (and any amendments)**
5. House Rules, if any
6. Escrow Agreement
7. Hawaii's Condominium Property Act (Chapter 514B, HRS, as amended) and Hawaii Administrative Rules (Chapter 16-107, adopted by the Real Estate Commission, as amended), provided that rules and regulations under Chapter 514B have not yet been adopted
8. Other: HHFDC Ten Year Use, Sale and Transfer Restrictions; and HHFDC Shared Appreciation Equity Program

Copies of the condominium and sales documents and amendments made by the Developer are available for review through the Developer or through the Developer's sales agent, if any. ## 5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

### 5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

- (1) The purchaser has signed the sales contract.
- (2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.
- (3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.
- (4) The purchaser does at least one of the following:
  - (a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

- cancel; or
- (b) Allows the 30-day cancellation period to expire without exercising the right to
  - (c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

### **5.8.2 Right to Cancel a Sales Contract if Completion Deadline Missed**

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

### **5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change**

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30<sup>th</sup> calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

## 6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT

- a. Owner-Occupancy Requirement. The Project is subject to certain restrictions imposed by the Hawaii Housing Finance and Development Corporation ("HHFDC") requiring, among other things, that each unit owner also be the occupant of such owner's unit. These restrictions grant HHFDC the right to repurchase the unit in the event the owner-occupancy requirement is violated or in the event a unit owner desires to sell or transfer the unit. These restrictions are more particularly set forth in Exhibit E attached hereto and will be conditions of the original condominium conveyance document.
  
- b. Developer's Buy-Back Reservations. Developer has reserved certain buy-back rights, subject to HHFDC's waiver of its right of first refusal and HHFDC approval. Paragraph 26 of the Declaration provides that Developer shall have the right to repurchase a unit from a unit owner for a period of ten (10) years from the date of recordation of the unit deed conveying the unit to the unit owner, provided, however, that Developer may exercise this right if and only if a unit owner shall have made a complaint to Developer about a material defect in the physical condition and/or design of such unit owner's unit or a material defect in the Project or any matter in connection with the unit or the Project and Developer, after a good faith and diligent effort, is unable to rectify the complaint to such unit owner's satisfaction within a reasonable period of time, as determined by Developer in the exercise of its sole discretion.

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Sections 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

2. Boundaries of the Units. Each unit will have the number of rooms (exclusive of lanais), approximate net living floor area in square feet (exclusive of lanais), and approximate net lanai floor area in square feet, as set forth below.

The approximate net living floor areas set forth below are based on measurements taken from the undecorated or unfinished interior surface of all perimeter walls as shown on the Condominium Map, except that no reduction has been made to account for interior walls, ducts, vents, shafts and the like located within the perimeter walls. All approximate net lanai floor areas set forth below are based on measurements taken from the inner surfaces of all perimeter walls and boundaries of the lanai areas. All floor areas set forth below are not exact but are approximations based on the floor plans of each type of unit. All floor areas set forth below have also been rounded to the lowest full square foot where the approximations of such floor areas exceed a square foot by any fraction of a square foot. For these reasons, the measurements of the floor areas set forth below may not follow the designation of the limits of the units (the legally designated areas of the apartments) set forth below, and the floor areas set forth below may be different from the actual floor areas of the units as constructed.

Each unit will have immediate access to the walkways, corridors, stairways and/or elevators of the residential buildings which lead to the lobby areas and other common areas of the Project.

Notwithstanding the floor areas set forth below and the manner in which such floor areas have been measured, the respective units shall not be deemed to include the undecorated or unfinished surfaces of the perimeter walls or interior load-bearing walls or partitions, the foundations, columns, girders, beams, floor slabs, supports, roofs, and ceilings located within or at the perimeter of or surrounding such unit, any pipes, vents, shafts, ducts, conduits or other utility or service lines or enclosed spaces for wiring, pipes, air exhaust or air conditioning running through or otherwise within such unit which are utilized for or serve more than one unit, all of which are deemed common elements as hereinafter provided. Each unit shall be deemed to include all of the walls and partitions which are not load-bearing and which are within its perimeter walls, the inner decorated or finished surfaces of all walls, floors, and ceilings; all lath, furring, wallboard, plasterboard, plaster, paneling, tiles, wallpaper, paint, finished flooring and any other materials constituting any part of the finished surfaces of each unit; all spaces, interior

non-loadbearing partitions, and other fixtures and improvements within the boundaries of a unit; all glass windows, window frames, louvers (if any), shutters (if any), panels, doors and door frames along its perimeter, the lanais shown on the Condominium Map to the inner decorated or finished surfaces of the exterior perimeter walls of such lanais and to the exterior edge of the exterior railings or other boundaries of such lanais; and all of the fixtures and appliances (if any) originally installed therein.

3. Specific Identification of Units and Common Interest. With the exception of Unit No. 107 (Resident Manager's unit), all of the units are designated for sale to owner-occupants only. The units are specifically identified as follows:

In addition there shall be thirty three (33) visitor stalls (including two (2) handicap accessible stalls), four (4) loading stalls, seven (7) regular unassigned stalls and five (5) handicap accessible unassigned stalls reserved for use and/or assignment by Developer. All of the parking stalls in the Project are uncovered.

2. Declaration. Paragraph 31 of the Declaration provides:

The visitor parking stalls may be used by the visitors of the unit owners, subject to the provisions of the House Rules. The areas designated for bicycle and moped parking on the Condominium Map, if any, shall be controlled by the Managing Agent, subject to the provisions of the House Rules.

Except for Developer Reserved Stalls described below, the Board shall have the authority and be responsible for coordinating the assignment of all parking stalls pursuant to this paragraph 31 and shall adopt rules and regulations in the House Rules with respect thereto. The Board shall maintain appropriate records of such assignment.

(2) Certain parking stalls may be designated for use by handicapped persons (“Accessible Stalls”) and will be designated as such on the Condominium Map. Such Accessible Stalls may be assigned by Developer to the owners of particular units upon the initial sale of such units. Developer shall, upon assigning an Accessible Stall to an owner, designate such assignment in the records of the Association. If any Accessible Stalls remain unassigned after the sale of all the units in the Project, the Board shall have the right to assign and manage such spaces. Owners who are assigned Accessible Stalls shall be subject to the right of the Board to re-assign such parking stalls. Evidence of disabled status shall be by distinguishing license plate or placard issued by the Hawaii Department of Motor Vehicles. In no event shall Developer or the Association be held

## PERMITTED ALTERATIONS TO UNITS

Paragraph 19 of the Declaration states as follows:

19. **Alteration of the Project.**

a. **General.** Except as otherwise provided in this Declaration or the Act or as otherwise required by law, neither the Association nor any unit owner shall perform any of the following acts except pursuant to plans and specifications therefor approved in writing by the Board:

(1) repairing, replacing or rebuilding any unit or any of the common and limited common elements in a manner different in any material respect from the Condominium Map;

(2) engaging in any alterations which will affect the structural integrity of any unit or the common and limited common elements;

(3) constructing on the common and limited common elements any new building or structure; or

(4) enclosing any lanai, balcony, patio or parking stall.

Upon the completion of any such work, there shall be filed with the Board a final "as built" set of the plans and specifications for such work, and if any such work should constitute a material alteration to the Project as shown on the Condominium Map (as determined by the Board), the Association or unit owner, as the case may be, shall file an amendment to this Declaration describing such alteration and amending the Condominium Map to show such alteration, together with a certificate signed by a licensed architect and structural engineer, certifying that the plans showing such alterations accurately reflect such alterations, as built. Such amendment shall be signed by the Association or the unit owner, as the case may be, and approved by the Board or Developer, and no consent or joinder of any other unit owner or person shall be required. Except as otherwise provided in this Declaration, the Bylaws and the House Rules, each unit owner shall be free, with the consent of all mortgagees of record of any interest in such unit owner's unit, to make such alterations and improvements within such unit owner's unit or within or on the limited common elements appurtenant thereto, without the consent or joinder of the Board, the Association, any unit owner, Developer or any other person.

b. **Certain Work Prohibited.** Notwithstanding anything to the contrary in this Declaration, no unit owner (i) shall do any work which could jeopardize the soundness or safety of the Project, reduce the value thereof, or impair any easement, (ii) shall make or allow any material addition or alteration, or excavate an additional basement or cellar,

### EXHIBIT C

(iii) shall enclose any lanai, balcony or patio, or (iv) shall rebuild, repair or restore the Project in the event of substantial or total destruction of the Project, without in every such case obtaining the prior consent of sixty-seven percent (67%) of the unit owners, together with the prior written consent of all unit owners whose units or limited common elements appurtenant thereto are directly affected, and the approval of the board, which shall not be unreasonably withheld; provided that nonmaterial additions to or alterations of the common elements or units made within such unit or within a limited common element appurtenant to and for the exclusive use of the unit, shall require approval only by the Board, which shall not unreasonably withhold its approval, and such percentage, number or group of unit owners or other parties as may be required by this Declaration or the Bylaws. As used in this subparagraph, "nonmaterial additions and alterations" means an addition to or alteration of the common elements or a unit that does not jeopardize the soundness or safety of the Project, reduce the value thereof, impair any easement, detract from the appearance of the Project, interfere with or deprive any nonconsenting unit owner of the use or enjoyment of any part of the Project or directly affect any nonconsenting unit owner. Notwithstanding anything in this Declaration to the contrary, no alterations or changes of any nature under any circumstances shall be made to the structural elements of the residential buildings, including, without limitation, roofs, floors, supporting walls, foundations, columns, girders, floor slabs, supports, perimeter, party or load bearing walls and partitions without first obtaining the certification from a licensed structural engineer reasonably acceptable to the Association that the plans for such alterations or changes will not in any way diminish the present structural integrity of the residential buildings and the elements therein. The aforementioned structural engineer shall be licensed in the State of Hawaii, in good standing, and shall have a policy of professional liability insurance with appropriate coverage from a responsible insurance company authorized to operate in the State of Hawaii, having a financial rating by Best's Insurance Reports of Class A, VI, or better. Notwithstanding anything in this Declaration to the contrary, no storage or alterations or changes of any nature under any circumstances, including any lanai enclosures, shall be made that would violate the fire sprinkler requirements of the Building Code.

c. Connection between Units.

(1) The owner of any two or more adjacent units separated by a common element which is a wall may, with the consent of all mortgagees of record of any interest in such owner's units, alter any portion of the intervening wall if the structural integrity of the common elements or any other unit in the Project will not thereby be adversely affected and if the finish of the common element then remaining is placed in a condition substantially comparable to that of the common element prior to such alterations. As used above, "adjacent units" does not include units which are located above and beneath one another on different floors.

(2) Prior to commencing any such alteration or removal, the unit owner shall provide to the Board (a) a certification in form and consent reasonably satisfactory to the Board signed by an architect or engineer duly registered in the State of Hawaii, that such alteration or removal will not adversely affect the structural integrity of

**EXHIBIT C**

the common elements or any other unit in the Project, (b) satisfactory evidence that all governmental approvals required for such alteration or removal have been duly obtained, and (c) if the cost of such alteration or removal, as reasonably determined by the Board, shall exceed the sum of \$25,000.00, the Board may require that the owner provide evidence satisfactory to the Board of sufficient financing to complete such alteration or removal or, in lieu thereof, require that the owner obtain a performance and lien payment bond, naming as obligees Developer and the Board and the Association and collectively all unit owners and their respective mortgagees of record, as their interests may appear, for a penal sum of not less than one hundred percent (100%) of the estimated cost of such alteration or removal. Such alteration or removal may be undertaken without the necessity of an amendment to this Declaration or the Condominium Map and, except as otherwise provided in this paragraph 0, without the consent or joinder of the Association, the Board, Developer or any other person.

(3) If any intervening wall between adjacent units shall have been altered pursuant to the foregoing provisions, then prior to the termination of the common ownership of such adjacent units, the owner of such units shall restore such intervening wall to substantially the same condition in which the same existed prior to such alteration or removal unless the purchaser of such units shall agree in writing to forego such restoration.

(4) Notwithstanding any alteration or additions permitted under this subparagraph 19.c, such shall not affect the common interest or limited common interest allocable to any unit.

d. Floor Covering and Sound Transmission. All unit owners must minimize the transmission of footsteps and other floor sounds into neighboring units below. Any owner or occupant of a unit (except the units on the Ground Floor) who wishes to change the floor covering on any floor areas that customarily have carpeting with cushion padding, must first: (1) provide written evidence that the new floor covering shall have sound absorbent material and will not exceed the maximum decibel level to be established as described in the House Rules, and (2) obtain the Board's prior written approval of such floor covering change.

**EXHIBIT C**

**EXHIBIT D**

## SPECIAL USE RESTRICTIONS

Paragraph 25 of the Declaration states as follows:

a. HRS Chapter 201H Buy-Back Restrictions. All of the units in the Project are affordable units (except for Unit No. 107, which is designated as the resident manager's unit). The affordable units shall be subject to the provisions of Chapter 201H, HRS, as amended (the "HHFDC Buy-Back Restrictions"). The HHFDC Buy-Back Restrictions provide, among other things, for a first option in favor of HHFDC to purchase any unit in the Project for a period of ten (10) years from the date of purchase in the event any unit owner desires to sell or transfer the owner's unit or in the event the unit owner violates a covenant which requires the unit owner to occupy the unit. After the first conveyance of an affordable unit in the Project by Developer to a qualified purchaser (pursuant to the HHFDC Buy-Back Restrictions) ("Developer's Conveyance"), and continuing thereafter until (i) such HHFDC Buy-Back Restrictions are released by HHFDC, or (ii) until the tenth (10<sup>th</sup>) year from the date of purchase (i.e., the date of recordation of the deed of Developer's Conveyance), whichever shall first occur, all conveyances of the affordable units in the Project shall be subject to the HHFDC Buy-Back Restrictions, and each such subsequent conveyance of the affordable units in the Project shall incorporate the HHFDC Buy-Back Restrictions and shall contain the covenant of the grantee thereunder to observe and perform the HHFDC Buy-Back Restrictions. The HHFDC Buy-Back Restrictions are attached as **Exhibit D** hereto and made a part hereof and will also be incorporated into the unit deed as an exhibit thereto. By acceptance of a unit deed, all unit owners will be deemed to have acknowledged and agreed that they have read and reviewed, and approved and accepted all of the terms and conditions of the HHFDC Buy-Back Restrictions, and shall further agree to accept title to their respective unit subject to the HHFDC Buy-Back Restrictions.

b. Shared Appreciation Equity Program. After Developer's Conveyance and continuing thereafter until HHFDC's Shared Appreciation Equity Program restrictions ("SAE Program") are released by HHFDC or until such restrictions expire by the terms of the SAE Program, all conveyances of the affordable units in the Project shall be subject to the restrictions of the SAE Program, and upon such subsequent conveyance of the affordable units by the Unit owner, HHFDC shall be entitled to its share of appreciation in value of said units. The terms and conditions of the SAE Program, pursuant to Chapter 201H, HRS, as amended, and Hawaii Administrative Rules, Title 15, Subtitle 14, Chapter 174, Subchapter 9, are described in **Exhibit E** attached hereto and made a part hereof, and will be incorporated into the unit deed as an exhibit thereto. A Memorandum Agreement of the SAE Program will also be recorded at the Bureau of Conveyances of the State of Hawaii against title to each unit. By acceptance of a unit deed, all unit owners will be deemed to have acknowledged and agreed that they have read and reviewed, and approved and accepted all of the terms and conditions of the SAE Program and that they accept title to their respective unit subject to the SAE Program.

### **EXHIBIT E**

Page 1 of 2

c. Liability for HHFDC Buy-Back Restrictions and SAE Program.

By acceptance of a unit deed, each unit owner acknowledges and agrees that such owner is obligated to comply with the terms and conditions of the HHFDC Buy-Back Restrictions and the SAE Program. Developer shall not be responsible or liable for the administration of the HHFDC Buy-Back Restrictions and the SAE Program, or for any representations or promises made by HHFDC in connection with the HHFDC Buy-Back Restrictions or the SAE Program, or for the observance or performance by HHFDC of its obligations or for the enforcement by HHFDC of its rights under the HHFDC Buy-Back Restrictions and the SAE Program, or for any actions taken or failure to take action by HHFDC in connection with the HHFDC Buy-Back Restrictions and the SAE Program, or for obligations or to otherwise comply with the provisions of the HHFDC Buy-Back Restrictions or the SAE Program.

**DEVELOPER'S RESERVED RIGHTS TO MAKE CHANGES TO THE  
CONDOMINIUM PROJECT OR CONDOMINIUM DOCUMENTS**

1. Pursuant to Paragraph 21 of the Declaration, Developer reserves the right to amend the Project documents as follows:

[A]t any time prior to the issuance of an effective date for the Public Report by the Real Estate Commission of the State of Hawaii, Developer may amend this Declaration and the Bylaws in any manner and provided, further, that no amendment of the Declaration, the Bylaws, the House Rules or Condominium Map shall, without Developer's prior written consent, limit, affect or impair the reserved rights of Developer under this Declaration[.]

. . . Notwithstanding the foregoing and notwithstanding the sale and conveyance of any of the units, this Declaration (including the Bylaws and, when applicable, the Condominium Map) may be amended by Developer (a) by filing the certification of a licensed architect, engineer or surveyor (with plans, if applicable) required by Section 514B-34 of the Act, certifying that the Condominium Map theretofore recorded, or being recorded simultaneously with such statement, fully and accurately depicts the layout, location, boundaries, dimensions and numbers of the units substantially as built; or (b) to effect any change or amendment required by an agency of any county, state or federal government or by any territory, possession, or foreign country or other foreign jurisdiction or a mortgagee of the fee or leasehold interests in the Land as a condition to governmental approvals, marketing the Project or making a loan to finance the construction and/or the sales of the Project.

2. At any time prior to the conveyance of all of the units in the Project to persons other than Developer or any mortgagee of Developer, Developer reserves the right to modify the Project Documents as may be required by law, the Real Estate Commission, a title insurance company, an institutional mortgagee or any governmental agency and for such other purposes as set forth in paragraph E.17 of the Sales Contract, provided, however, that any such modification shall be subject to the Buyer's right to rescind only in the event such change is a "material change" pursuant to paragraph E.18 of the Sales Contract and to Section 514B-87 of the Condominium Act.

3. Paragraph 23 of the Declaration reserves the right to amend the Declaration and Condominium Map for purposes of withdrawing the HHFDC Lots, as defined therein, and states as follows:

23. Withdrawal of HHFDC Lots from the Project Lands. HHFDC and Developer hereby reserve the development right, for themselves and their respective successors and assigns, to unilaterally withdraw the HHFDC Lots (Lots C, D and 65-B-3-B) from the Project. Withdrawal of the HHFDC Lots shall occur no later than one-hundred eighty (180) days after issuance of a Land Court Order ordering the subdivision of the Land. Withdrawal of the HHFDC Lots shall be effected by the recordation of an amendment to this Declaration and to the Condominium Map, such that the Project shall thereafter be comprised only of the land described in Exhibit B attached hereto. Each and every party acquiring an interest in the Project, by such acquisition, consents to such withdrawal of the HHFDC Lots as provided in this paragraph and to the recordation of any and all documents necessary to effect the same, including any amendment or amendments of this Declaration; agrees to execute such documents and instruments and do such other things as may be necessary or convenient to effect the same; and appoints Developer, HHFDC and their respective successors and assigns as such party's attorney-in-fact with full power of substitution to execute such documents and instruments and to do such things on such party's behalf, which grant of such power, being coupled with an interest, is irrevocable for the term of said reserved rights, and shall not be affected by the disability of such party or parties.

A copy of the Escrow Agreement between the Seller and Title Guaranty Escrow Services, Inc. ("Escrow") has been submitted to the Real Estate Commission. The Escrow Agreement, among other things, covers in more detail the following items:

1. Seller shall deliver an executed copy of such Sales Contract to Escrow. Each Sales Contract shall be accompanied by the initial deposit required thereunder and the Owner-Occupant affidavit in the form approved by the Real Estate Commission.

2. Seller shall pay Escrow monies received from Purchasers under Sales Contracts covering apartments in the Project. Escrow shall receive and hold in escrow and disburse funds as set forth in detail in the Escrow Agreement. Escrow shall deposit all funds so received in an account at a federally insured bank, savings and loan association or other financial institution that pays interest on deposits. Except for specific circumstances stated in the Escrow Agreement, any interest earned on funds deposited in escrow under this Agreement shall accrue to the credit of Seller.

3. No disbursements of funds held in escrow shall be made by Escrow unless and until (a) the Real Estate Commission has issued an effective date for a Final Report on the Project, and, if any Sales Contracts are entered into prior to the issuance of an effective date for a Final Public Report, purchasers have been given a copy of the Final Report and shall have acknowledged receipt of the same; (b) Seller or Seller's attorney shall have delivered a written opinion to Escrow stating that the requirements of Sections 514A-62 and 514A-63, Hawaii Revised Statutes, as amended, have been met; (c) Seller shall have given Escrow a written waiver of any option reserved in any Sales Contract to cancel such Sales Contract; (d) Seller shall have delivered to Escrow a certificate from Seller's architect stating that the Project is in compliance with the Federal Fair Housing Amendments Act; and (e) the Owner-Occupant Affidavit shall have been reaffirmed by prospective Owner-Occupants and delivered to Escrow along with proof of receipt of the Final Public Report, within the time specified by the Escrow Agreement.

4. Subject to certain provisions of the Escrow Agreement, upon the written request of Seller, Escrow shall make disbursements from the escrow fund to pay for construction costs and to pay for architectural, engineering, finance, and legal fees and other incidental expenses of the Project. The balance of all escrow funds shall be paid to Seller, on order, after the lapse of forty-five (45) days from the filing of the Affidavit of Publication of Notice of Completion as provided for under H.R.S. §507-43; provided, however, that if necessary, Escrow shall retain certain specified funds to satisfy and release mechanic's or materialmen's liens filed against the property.

In any of the foregoing events, after notice to Seller, Escrow shall refund funds to Purchaser (less cancellation fees), as specifically provided in the Escrow Agreement, and thereupon the Sales Contract shall be deemed canceled.

A Purchaser shall be entitled to a return of funds, and Escrow shall return such funds to Purchaser, without interests, if Seller or the Purchaser shall so request in writing and (a) no Sales Contract has been offered to the prospective Purchaser within six months of the issuance of an effective date for the first public report (less a stated cancellation fee); (b) the prospective Owner-Occupant has requested to be removed from the final reservation list; (c) the prospective Purchaser has elected not to execute a Sales Contract; or (d) the prospective Purchaser has not obtained adequate financing, or a commitment for adequate financing, by a date which is no earlier than fifty (50) calendar days after Seller's execution and acceptance of the Sales Contract. The Sales Contract shall be rescinded pursuant to section H.R.S. §514A-105(d), if any prospective Owner-Occupant is unable to reaffirm the Affidavit. All deposits shall be refunded to the Purchaser unless (a) Seller or Seller's attorney shall have delivered a written opinion to Escrow stating that the Sales Contract has become binding upon the Purchaser pursuant to H.R.S. §514A-62, and (b) written instructions approved by Seller and the prospective Owner-Occupant direct Escrow to distribute the deposit otherwise.

6. Escrow shall give each Purchaser entitled to a return of funds notice thereof, as specifically required by the Escrow Agreement. If Purchaser has not claimed the refund within sixty (60) days, Escrow shall deposit such funds into a special account in a bank or other depository selected by Escrow, in the name of Seller, as trustee for the benefit of the Purchaser.

7. Except for the Sales Contracts and any note and mortgage that is to be closed by the mortgagee thereof, Escrow shall promptly and diligently arrange for and supervise the execution of all documents related to the Project and shall promptly, and diligently close the transactions and perform such services as are necessary or proper therefor, in the manner established in the Escrow Agreement.
