The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; and (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, including any omitted material facts, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

This material can be made available for individuals with special needs. Please call the Senior Condominium Specialist at 586-2643 to submit your request.

SPECIAL ATTENTION

[Use this page for special or significant matters which should be brought to the purchaser's attention and that are not covered elsewhere in this report.]

SPECIAL NOTICE

This is a condominium project, not a subdivision, and the project does not involve the sale of individual subdivided lots. The land area beneath and immediately appurtenant to each unit is designated a limited common element and is not a legally subdivided lot. The dashed lines on the Condominium Map bounding the designated number of square feet in each limited common element land area are for illustrative purposes only and should not be construed to be the property lines of legally subdivided lots.

Facilities and improvements normally associated with county approved subdivisions may not necessarily be provided for and services such as county street maintenance and trash collection may not be available for interior roads.

This public report does not constitute approval of the Project by the Real Estate Commission, or any other government agency, nor does it ensure that all applicable County codes, ordinances, and subdivision requirements have necessarily been complied with.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING.

General Information On Condominiums

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

Operation of the Condominium Project

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

3. CREATION OF THE CONDOMINIUM AND CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

3.1 Declaration of Condominium Property Regime

The Declaration of Condominium Property Regime contains a description of the land, buildings, units, common interests, common elements, limited common elements, and other information relating to the condominium project.

Dates of Recordation of Amendments to the Condominium Map: June 5, 2012	

3.4 House Rules

The Board of Directors may adopt rules and regulations (commonly called "House Rules") to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the Developer. Changes to House Rules do not need to be recorded to be effective.

The House Rules for this project:

Have Been Adopted and Date of Adoption	<input type="checkbox"/>	
Developer does not plan to adopt House Rules	<input checked="" type="checkbox"/>	

3.5 Changes to the Condominium Documents

Changes to Condominium Documents: Changes to the Declaration, Bylaws and Condominium Map are effective only if they are duly adopted and recorded. Where permitted, the minimum percentages of the common interest that must vote for or give written consent to changes to the Declaration, Bylaws and Condominium Map are set forth below. The percentages for any individual condominium project may be more than the minimum set by law if the Declaration or Bylaws for the project so provide.

Document	Minimum Set by Law	This Condominium
Declaration	67%	80%
Bylaws	67%	67%

3.6 Rights Reserved by the Developer to Make Changes to the Condominium Project or Condominium Documents

<input checked="" type="checkbox"/>	No rights have been reserved to the Developer to change the Declaration, Bylaws, Condominium Map or House Rules (if any).
<input type="checkbox"/>	Developer has reserved the right to change the Declaration, Bylaws, Condominium Map and House Rules (if any) and to add to or merge the project or to develop the project in one or more phases, and such rights are summarized as follows:

If you are delinquent in paying the assessments, a lien may be placed on your unit and the unit may be sold through a foreclosure proceeding. Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.
Exhibit <u>J</u> contains a breakdown of the estimated annual maintenance fees and the monthly estimated maintenance fee for each unit, certified to have been based on generally accepted accounting principles, with the Developer's statement as to when a unit owner shall become obligated to start paying the unit owner's share of the common expenses.

5.3 Blanket Liens

Blanket Liens: A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project or more than one unit that secures some type of monetary debt (such as a loan) or other obligation. Blanket liens (except for improvement district or utility assessments) must be released as to a unit before the developer conveys the unit to a purchaser. The purchaser's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the unit to the purchaser.

<input type="checkbox"/>	There are <u>no blanket liens</u> affecting title to the individual units.
<input checked="" type="checkbox"/>	There are <u>blanket liens</u> that may affect title to the individual units.

<u>Type of Lien</u>	Effect on Purchaser's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance
Mortgage	If the Developer defaults under the sales contract and refunds the Buyer's deposits, less escrow cancellation fees, the Buyer shall have no further interest in the Project.

5.4 Construction Warranties

Construction Warranties: Warranties for individual units and the common elements, including the beginning and ending dates for each warranty (or the method of calculating them), are as set forth below: Building and Other Improvements:
Appliances:

5.5 Status of Construction, Date of Completion or Estimated Date of Completion

Status of Construction:
Completion Deadline: If a sales contract for a unit is signed before the construction of the unit has been completed, or, in the case of a conversion, completion of any repairs, does not occur by the completion deadline set forth below, one of the remedies available to a purchaser is a cancellation of the purchaser's sales contract. The sales contract may include a right of the Developer to extend the completion deadline for force majeure as defined in the sales contract. The sales contract may also provide additional remedies for the purchaser.
Completion Deadline for any unit not yet constructed, as set forth in the sales contract:
Completion Deadline for any repairs required for a unit being converted, as set forth in the sales contract:

5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance

The Developer is required to deposit all moneys paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.

5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance

<input type="checkbox"/>	<p>The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project.</p> <p><i>If this box is checked, Section 5.6.2, which follows below, will not be applicable to the project.</i></p>
--------------------------	--

5.6.2 Purchaser Deposits Will Be Disbursed Before Closing

Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain project costs. For this project, the Developer indicates that purchaser deposits may be used for the following purposes (check applicable box):	
<input type="checkbox"/>	For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or
<input type="checkbox"/>	For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses.

In connection with the use of purchaser deposits (check Box A or Box B):

<p>Box A</p> <p><input type="checkbox"/></p>	<p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p><u>Important Notice Regarding Your Deposits:</u> Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</p>
<p>Box B</p> <p><input type="checkbox"/></p>	<p>The Developer has <u>not</u> submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the <u>Important Notice Regarding Your Deposits</u> set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <u>Important Notice Regarding Your Deposits</u> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p>

Material House Bond. If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

5.7 Rights Under the Sales Contract

Before signing the sales contract, prospective purchasers should carefully review all documents relating to the project. These include but are not limited to the documents listed below. Items 2, 3 and 4 are made a part of this public report, as well as Item 5, if any, and are being delivered to you with this report.

1.	Developer's Public Report
2.	Declaration of Condominium Property Regime (and any amendments)
3.	Bylaws of the Association of Unit Owners (and any amendments)
4.	Condominium Map (and any amendments)

7.	Hawaii's Condominium Property Act (Chapter 514B, HRS, as amended) and Hawaii Administrative Rules (Chapter 16-107, adopted by the Real Estate Commission, as amended), provided that rules and regulations under Chapter 514B have not yet been adopted.
8.	Other:

Copies of the condominium and sales documents and amendments made by the Developer are available for review through the Developer or through the Developer's sales agent, if any. 5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

(1) The purchaser has signed the sales contract.
(2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.

(3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.

(4) The purchaser does at least one of the following:

(a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

(b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or

(c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

5.8.2 Right to Cancel a Sales Contract if Completion Deadline Is Missed

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30th calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT

1. **WATER WELL.** The Project includes as a common element a water well that is located on a portion of the land appurtenant to Unit 3. The purpose of the well is to provide Unit Owners with non-potable water to irrigate landscaping that may be located on a Dwelling Area appurtenant to an Owner's Unit.
2. **PRIVATE SEWER SYSTEM.** The area in which the Project is located is not serviced by a public sewer system. It is expected that a Unit Owner will be required as a condition to obtaining a building permit for construction of a dwelling to install his own private septic system. The rules relating to private septic systems are administered by the State of Hawaii Department of Health. A Buyer's obligation to buy a Unit will be subject to Buyer's satisfaction that he will be able to obtain a permit to install an adequate private septic system.
3. **DEVELOPER'S CONTROL PERIOD.** The Project documents grant to the Developer the right to control the Association of Unit Owners and to appoint officers and members of the Association during the "Declarant's Control Period." Unless the right is surrendered earlier by the Developer, such right continues until the earlier of sixty days following the sale of 75% of the total common interest appurtenant to the Units or two years after the Developer ceases to offer the Units for sale in the ordinary course of its business.
4. **RESERVED RIGHTS.** The Declaration of Condominium Property Regime creates or reserves rights relating to the Project for the benefit of the Developer or certain (but not all) Unit Owners. The Declaration gives such benefitted parties the right to take certain actions without the consent or joinder of other Unit Owners or other persons.
5. **CCRs.** The Project is also subject to a certain Declaration of Covenants, Conditions and Restrictions for Mahakea, as amended and restated ("CCRs"). These are in addition to the Declaration of Condominium Property Regime and other Project documents. The Developer and Unit Owners must comply with the CCRs, so prospective buyers of a Unit should review the CCRs carefully. The CCRs impose use and site development restrictions, architectural and landscaping controls and design restrictions and guidelines. The CCRs also require Developer's prior approval for all initial landscaping and construction of improvements. A summary of the CCRs appears as Exhibit K. However, because the CCRs will impact what an owner can build, any prospective buyer should review the CCRs carefully, rather than rely solely on the summary.
6. **ENCROACHMENTS.** An existing driveway and wooden fence encroach onto Kamehameha Highway. Neither is considered by Developer to be material. Both encroaching items will be removed by Developer prior to completion of a dwelling unit in the Project.
7. **STREAM.** Dwelling Area 3 is bordered in part by an existing stream. Structures are not permitted within setbacks from the stream, as shown on the site map portion of the Condominium Map. The Owner of Unit 3 will be responsible for any maintenance and clean up with respect to the portion of the stream bordering Dwelling Area 3. Although risks relating to the stream are considered by Developer to be minimal, a buyer's obligation to buy a Unit will be subject to Buyer's review and approval of such risk.
8. **AMENDMENTS TO PROJECT DOCUMENTS.** The Declaration of Condominium Property Regime may be amended with the consent of Owners of Units to which are appurtenant 80% of the common interest. This contrasts with the Bylaws of the Association of Unit Owners, which may be amended with the consent of Owners of Units to which are appurtenant 67% of the common interest.

9. MAILBOXES. The Declaration reserves to the Developer the right to determine the location of the mailboxes at the Project – each of which is a limited common element of a Unit. That determination is expected to be made when there are constructed two or more single family dwellings in the Project.

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

Unit Types and Sizes of Units

Section 3.7 of the Declaration, as amended and restated, states:

“3.7 Description of the Units. Each of the Units is currently a spatial unit, which consists of air space in the shape of a cube containing 125 cubic feet. The horizontal boundaries (5 feet by 5 feet) of the cube are located on that portion of the Land shown on the site map portion of the Condominium Map; and the vertical boundaries of the cube are five (5) feet in height.”

END OF EXHIBIT A

EXHIBIT B
Boundaries of the Units

Section 3.10 of the Declaration, as amended and restated, states:

“3.10 Designation and Boundaries of Units. (a) One freehold estate is designated in each of the three (3) Units within the Project.

(b) Each Unit that does not consist of or contain a building or other structural improvement (such Unit being referred to as a **“spatial unit”**), such shall consist of a column of space, (1) the horizontal boundaries of which shall be defined by metes and bounds of the portion of the Land on which such Unit is located, and (2) the vertical boundaries of which shall be defined by the height of each such vertical section, as described in Section 3.7 above.

(c) The foregoing as initially established or as changed pursuant to Article 19, is referred to as a **“Unit”**.

(d) Should the descriptions and divisions set forth in the Declaration conflict with the depictions and divisions shown on the Condominium Map, the Condominium Map shall control. The Condominium Map, however, is intended to show only the layout, location, Unit numbers and dimensions of the Units and elevations of the buildings and is not intended to contain or make any other representation or warranty.

(e) The approximate net living floor areas set forth in the Declaration or on the Condominium Map are based on measurements taken from the interior surface of all perimeter walls.”

END OF EXHIBIT B

EXHIBIT C
Permitted Alterations to the Units

Sections 19.1-19.3 of the Declaration, as amended and restated, state:

“19.1 Definitions of Terms Used in this Article. Unless the use or context would clearly indicate to the contrary, the terms below are defined as follows:

(a) **“Applicable Laws”** means all federal, state and local laws, statutes, ordinances, codes, rules, regulations, standards, conditions of approval and all legislative, administrative or judicial orders, decrees, requirements, rulings or judgments, which now or in the future may be applicable to the Project or any Unit or to any possession, development, improvement, operation, occupancy, use, enjoyment and other activities relating to the Project.

(b) **“Governmental Entity”** means any governmental or quasi-governmental entity, including but not limited to any department, board, commission, authority, agency, deliberative body or other component or subdivision thereof, now or hereafter constituted with jurisdiction, oversight, policy making, regulatory or implementing authority under or with respect to Applicable Laws.

(c) **“Applicable Declarations and Covenants”** means all recorded agreements and written instruments that now or in the future may be applicable to the possession, development, improvement, operation, occupancy, use, enjoyment and other activities relating to the Project (or any Unit), except that such shall not mean a mortgage or other instrument securing the payment or performance of a loan or other financial obligation.

(d) **“Development Standards”** means the standards contained in the CCRs, including the Project Guidelines attached thereto.

(e) **“Declarant’s Approval Period”** means the time period commencing upon the date this instrument is recorded in the Recording Office and terminating when Declarant (or their successor by assignment) no longer owns any interest in any of the Units.

19.2 Structural Changes to Units. Notwithstanding anything to the contrary contained in the Declaration, a Unit Owner may subject to the conditions of this Section 19.2, at any time and from time to time, in the Owner’s sole discretion and without the consent of any other Unit Owner, the Association, the Board or other person or entity, (a) improve, renovate, remodel, make additions to, enlarge, remove, replace or restore any structures or other improvements now or hereafter constituting the Owner’s Unit or that are located on the Dwelling Area appurtenant to the Owner’s Unit, or (b) make or build structures and other improvements upon the Dwelling Area appurtenant to the Owner’s Unit. Each of the foregoing is herein referred to as a **“Structural Change”**, and collectively referred to as **“Structural Changes”**.

Structural Changes permitted under this Paragraph are subject to the following conditions:

- (1) All Structural Changes shall conform to Applicable Laws, including the LUO, Applicable Declarations and Covenants, Article 9 of the Declaration and THE Development Standards;

- (2) All Structural Changes shall be made within the Dwelling Area to which the Unit is appurtenant, provided that structures shall not be constructed, placed or erected within the setback areas provided for in the CCRs or the Development Standards;
- (3) If obtaining a building permit for construction of a structure (including a dwelling unit) is permitted only upon payment to the City or other governmental agency of a park dedication fee or other fee or upon the making of improvements to the Project, then the Unit Owner seeking such permit shall be responsible for payment of such fee or making such required improvements.
- (4) No Structural Change shall be permitted if the effect of such Change would be to exceed the Unit's proportionate share of development rights to which the Land is entitled under the LUO. In making such determination of development rights, each Lot shall be treated separately. ("**Development rights**") shall include, without limitation, maximum percentage of building area allowed on such Lot and the maximum number of dwelling units on such Lot, as prescribed in the LUO when the change is to be made). "**Proportionate share**" refers to a fraction having as its numerator the net buildable area within such Lot of the Dwelling Area appurtenant to the Unit being affected by the change, and the denominator being the net buildable area within such Lot of all of the Dwelling Areas within such Lot. "**Net buildable area**" refers to the area of the Dwelling Area reduced for any right-of-way for ingress and egress in favor of others, and easements for open drainage systems;
- (5) All Structural Changes shall be paid for by the Owner making the Change and, once begun, any construction in connection with the Change shall be diligently completed in a manner that will not materially interfere (except on a non-permanent basis while such Change is being made) with the use or enjoyment by another Owner of his Unit or its appurtenant Dwelling Area;
- (6) During the course of any construction, the Unit Owner making a Structural Change shall cause to be maintained at his expense builder's all-risk insurance in an amount not less than the estimated cost of construction. The Association shall be named as an additional insured under the insurance policy, and if requested by the Association, evidence of such insurance shall be deposited by the Unit Owner making the Change with the Association;
- (7) The Unit Owner making a Structural Change may utilize, relocate and realign existing and/or develop additional, central and appurtenant installations for services to the Unit affected by the Change for electricity, sewer and other utilities and services and when applicable, may add, delete, relocate, realign, designate and grant easement and rights-of-way over, under and on the common elements as necessary or desirable; provided that such shall not cause any interruption in the service of such utilities to any other part of the Project or otherwise materially interfere with their use by another Unit Owner;
- (8) If required under any mortgage affecting the Unit of the Owner making a Structural Change, then the consent of the holder of any such mortgage shall be obtained, provided, that the failure to obtain such consent shall not affect the validity of such Change;
- (9) Upon completion of any Structural Change, the Unit Owner making the Change shall, without the consent of any other Unit Owner, the Association, the Board or other person or entity, prepare, sign and record in the Recording Office an amendment to the Declaration and

Condominium Map, which shall include without limitation (A) a description of the Unit as so altered and (B) a complete set of the floor plans and elevation drawings of the Unit as so altered and certified to "as built" by a licensed architect or engineer. After the amendment is recorded, the Unit Owners making the Change shall deliver to the Board a true and accurate copy of the recorded amendment.

19.3 Changes in Boundaries of Dwelling Areas. (a) The Owners of Units to which are appurtenant contiguous Dwelling Areas ("**Affected Unit Owners**") may from time to time change the boundaries between such contiguous Dwelling Areas and may re-allocate portions of the Dwelling Areas between or among the Units affected by the change.

(b) To effectuate such change in boundaries, the Affected Unit Owners shall, without the consent of any other Unit Owner, the Association, the Board or other person or entity, prepare, sign and record in the Recording Office an amendment to the Declaration and Condominium Map, which shall include without limitation (1) a description of the resulting Dwelling Areas appurtenant to each of the Units, (2) a revised site map portion of the Condominium Map depicting the resulting Dwelling Areas, and (3) such other information as the affected Unit Owners deem necessary or appropriate to effectuate the change in boundaries of the Dwelling Areas. After the amendment is recorded, the Affected Unit Owners shall deliver to the Board a true and accurate copy of the recorded amendment."

EXHIBIT D
Common Elements

Article 4 of the Declaration, as amended and restated, states:

“One freehold estate is also designated in all the portions of the Project other than the Units. Such are referred to as “**common elements**”. The common elements include, but are not limited to:

- 4.1 **Land.** The Land in fee simple;
- 4.2 **Utility Lines and Retaining Walls.** Any pipes, wires, ducts, conduits or other utility or service lines, drainage ditches or appurtenant drainage structures and retaining walls (if any), which are located outside the Units and which are utilized for or serve more than one Unit;
- 4.3 **Fences and Walls.** Any fences and walls that are located on the boundaries separating the Dwelling Areas appurtenant to each of the Units; and
- 4.4 **Water Well.** The water well located on Dwelling Area 3, together with pipes, conduits, lines, equipment and other facilities for transmission of water between the water well and each of the Units.”

END OF EXHIBIT D

EXHIBIT E
Limited Common Elements

Article 5 of the Declaration, as amended and restated, states:

5.1 Generally. (a) Certain parts of the common elements, referred to as “**limited common elements**”, are designated and set aside for the exclusive use of certain (but not all) of the Units. Each Unit or Units has appurtenant thereto exclusive easements for the use of such limited common elements set aside and reserved for such Unit’s or Units’ exclusive use.

(b) Unless otherwise specified, all costs of every kind pertaining to a limited common element, including, but not limited to, costs of landscaping, maintenance, repair, replacement and improvement, shall be paid for by the Owner of the Unit or Units to which such limited common element is appurtenant.

5.2 Limited Common Elements for Each Unit. The limited common elements so set aside and reserved for the exclusive use of each Unit are as follows:

(a) The site on which a Unit is located, consisting of the land area beneath and immediately adjacent to such Unit (including the airspace above such site), as shown and delineated on the site map portion of the Condominium Map as “**Dwelling Area**” with the same number of the Unit shall be for the exclusive use of such Unit. The area of the Dwelling Area appurtenant to each Unit is as follows:

Unit 1 – Dwelling Area 1, containing 36,661 (36,371) square feet

Unit 2 – Dwelling Area 2, containing 12,134 (11,844) square feet

Unit 3 – Dwelling Area 3, containing 28,403 (28,113) square feet

(b) A mailbox to be designated by Declarant for the use of a Unit.

5.3 Other Limited Common Elements. Any other common element of the Project which is rationally related to fewer than all the Units is a limited common element appurtenant to and for the exclusive use of such Unit or Units to which it is rationally related.”

Note: The “Dwelling Areas” herein described are not legally subdivided lots.

END OF EXHIBIT E

EXHIBIT F
Special Use Restrictions

Article 9 of the Declaration, as amended and restated, states:

9.1 Permitted Uses. (a) The Project shall be used only for such purposes as allowed under the CCRs (including purposes incidental and accessory thereto) regardless of whether applicable zoning and other Governmental Regulations permit a more intensive or different use.

(b) Garages that are accessory to a dwelling unit shall be permitted. The uses of such garages shall be limited to the parking of vehicles, trailers, and watercraft and for such accessory uses as laundry, storage or minor repairs within the garage. No vehicle, trailer, watercraft or other equipment, may be dismantled, repaired or serviced outside of the garage. No garage may be used for living, cooking or sleeping purposes.

9.2 Limitation on Number of Dwelling Units. (a) The term “dwelling unit”, as used herein, shall have the same meaning as defined under the Land Use Ordinance, Chapter 21, Revised Ordinances of Honolulu 1990, as amended (“LUO”).

(b) Limitation on Number of Dwelling Units. The number of dwelling units on the Land shall be limited to the lesser of (1) that number of dwelling units allowed under the LUO or (2) seven (7) dwelling units; provided, however, that (A) no more than three (3) dwelling units may be located on Dwelling Area 1, (B) no more than one (1) dwelling unit may be located on Dwelling Area 2, and (C) no more than three (3) dwelling units may be located on Dwelling Area 3. Notwithstanding the foregoing, if construction of a dwelling unit is permitted under Governmental Regulations upon payment of a park dedication fee or other fee or compliance with any other requirement imposed under Governmental Regulations, then the payment of such additional fee or compliance with such requirement under Governmental Regulations by the Unit Owner seeking to construct such dwelling unit shall be a condition to allowing such dwelling unit. Neither Declarant nor any Unit Owner shall be obligated to build the maximum number of dwelling units allowed on the Land or a Dwelling Area.

(c) Each dwelling unit located on a Dwelling Area other than Dwelling Area 3 shall be a single-family dwelling, regardless of whether applicable zoning and other Governmental Regulations permit a more intensive or different use. With respect to a dwelling unit located on Dwelling Area 3, a dwelling unit may be a single-family dwelling or a “two-family detached dwelling” (as such term is defined under the LUO).

9.3 Rental Use. Unit Owners may lease their Units, provided that any such lease is expressly made subject to the Declaration and the Bylaws and is permissible under Governmental Regulations.

9.4 Care and Disturbance. No Owner will suffer anything to be done or kept in a Unit or elsewhere in the Project which would jeopardize the soundness of the Project, or which will interfere with or unreasonably disturb the rights of other Unit Owners, or which will increase the rate of hazard insurance on the Project or the Units. No Owner shall use, generate manufacture, store, process, handle or release on or from his Unit hazardous wastes or hazardous materials, except that reasonable amounts of household cleaning and garden supplies may be kept and used on or within the Owner’s Unit, provided that such Owner shall comply with Governmental Regulations relating to such hazardous wastes or materials.

9.5 **Use of Common Elements.** The common elements may be used only for the purposes for which they are designed and intended.

9.6 **Project Guidelines.** The possession, development, improvement, operation, occupancy, use, enjoyment and other activities relating to the Project or any Unit shall be subject to that certain set of Guidelines ("**Project Guidelines**") that is contained as a part of the CCRs.

9.7 **Maintenance, Painting and Staining.** Unit Owners (including any Unit occupant) shall keep their respective Units and the limited common elements appurtenant thereto in a strictly clean and sanitary fashion. Such obligation includes repainting or re-staining the exterior of each building constituting a Unit, as such becomes reasonably necessary. Subject to the Project Guidelines, colors of paint for repainting or re-staining the exterior will be as agreed upon by the Unit Owners, provided if they cannot agree, then such colors shall be similar to the colors of the building exterior of such Unit immediately prior to such repainting or re-staining.

9.8 **Fractional Interests and Time-Sharing.** No Unit may be conveyed, leased, occupied, or used for or in connection with any time-sharing purpose or under any time-sharing plan, arrangement or program, or transient vacation rental, including without limitation, any so called "vacation license", "travel club membership" or "time-interval ownership" arrangement, provided, however, (1) transient vacation rental shall be permitted for any dwelling unit so long as it has the benefit of an effective nonconforming use certificate as a transient vacation unit, and (2) fractional interests, as hereinafter defined, shall be permitted. The term "time-sharing" as used in this section shall be as defined in Chapter 514E, HRS. The term "time-sharing" shall not include any plan, program or arrangement commonly known as "fractional interests" under which the right to use, occupy, own or possess a Lot or House upon the Lot rotates among various persons on a periodically recurring basis for at least a sixty (60) day period according to a fixed or floating interval or period of time, whether by way of deed, lease, association or club membership, co-tenancy agreement, partnership or otherwise."

Summary of Sale Contract Provisions

The Sales Contract consists of two documents: a Hawaii Association of Realtors (HAR) Standard form "Purchase Contract" ("**Purchase Contract**") and a document attached to the Purchase Contract which is entitled "Special CPR Provisions to the Purchase Contract" ("**Special Provisions**").

The Special Provisions are intended to amend the HAR standard form of Purchase Contract, and unless the context would indicate clearly to the contrary, then in the event of any conflict between a provision contained in the Special Provisions and a provision contained in the Purchase Contract, the provision contained in the Special Provisions will prevail.

1. **Description of the Property to be Conveyed.** Fee simple title to the Apartment, together with the furnishings and appliances, if any, and the undivided interest in the common elements set forth in the Purchase Contract. Title will be conveyed subject to the encumbrances of record.
2. **Purchase Price and Terms.** The purchase price for the Apartment is set forth on page 2 of the Purchase Contract is to be paid in the method and at the times set forth in the Purchase Contract. This may include payment of (a) an initial deposit; (b) an additional cash deposit, if set forth in the Purchase Contract; and (c) the balance of the purchase price is to be paid to escrow by purchaser on or before closing.
3. **Financing of Purchase.** Paragraph C-24 of the Purchase Contract Form (if elected) provides if Buyer desires financing, a loan application must be made within a certain number of days and if Buyer's application is not approved within a certain number of days after the application, then either Seller or Buyer may cancel the Purchase Contract. Upon such cancellation, Buyer's deposits will be refunded by escrow without interest.
4. **Closing Costs.** Closing costs and escrow fees are to be shared in accordance with the Purchase Contract, except that Seller does have the option to require two months' advance payment of Association maintenance fees and a start up expense for the Association of Unit Owners equal to two months' of Association maintenance fees. Buyer's proportionate share of any liability insurance premium, real property taxes, maintenance fees and any other charges with respect to the Property shall be pro-rated between Seller and Buyer as of the date of closing.
5. **Closing.** Seller has agreed to cause the Apartment to be sold to the Buyer within the time period set forth on page 3 of the Purchase Contract.
6. **No Present Transfer and Subordination to Construction Loan.** (a) The Purchase Contract may be subject to existing and future blanket loans, and any security interest now or hereafter obtained by a lender of Seller is or will be prior and senior to any rights of the Buyer arising under the Purchase Contract. This obligation to subordinate the purchaser's right under the Purchase Contract to loans now or hereafter made by the Seller is set forth in Paragraph 4 of the Special Provisions.

(b) Seller may also assign by way of security all of its interest in the Purchase Contract, as collateral for the repayment of the loan and if the Lender acquires the Seller's interest in the Purchase Contract, then the Buyer is obligated to perform the Purchase Contract, and to attorn to and recognize the Lender as the seller under the Purchase Contract.

(c) Notwithstanding that the Purchase Contract may be subordinate to a blanket lien, if the Buyer performs his obligations under the Purchase Contract, then Seller is required to convey the Apartment to Buyer at closing free and clear of any blanket lien.

7. **Seller's Rights to Cancel Purchase Contract.** The Seller may cancel the Purchase Contract with the Buyer if (a) Buyer fails to qualify for a permanent loan (if Paragraph C-24 of the Purchase Contract is selected); (b) Buyer defaults under the Purchase Contract (paragraph 6(b) of the Special Provisions); (c) Buyer dies prior to Closing Date (paragraph 6(a) of the Special Provisions); or (d) the Developer's Public Report shall not have been issued and Buyer shall not have waived his right to cancel (called the "Effective Date"). Pursuant to Paragraph 6(b) of the Special Provisions, if Buyer fails to close as required, then in the case only of non-monetary default after ten (10) days following Seller's notice of Buyer's default or otherwise without notice as to monetary defaults, the Seller may cancel the Purchase Contract and all sums previously paid by Buyer will belong absolutely to the Seller as liquidated damages. Additionally, Seller may pursue any other remedy, and all costs, including reasonable attorney's fees, incurred by reason of default by the Buyer shall be borne by the Buyer. Time is the essence of the Sales Agreement.

8. **Rights of Buyer to Cancel the Purchase Contract.** The Buyer has the right to cancel the Purchase Contract under the following conditions:

(a) At any time within thirty (30) days following the date the Public Report is delivered to Buyer. If Buyer so cancels, Buyer will be entitled to receive refund of any deposits. If Buyer does not act within the thirty (30) day period, or if the Apartment is conveyed to the Buyer, Buyer will be deemed to have executed the receipt for the Public Report and to have waived his right to cancel (paragraphs 6.1 and 6.3 of the Special Provisions).

(b) The Buyer may cancel his purchase if there is a material change in the Project which directly, substantially and adversely affects the use or value of the Buyer's Apartment or the amenities available for the Buyer's use (paragraph 7 of the Special Provisions). If so, Buyer will be entitled to receive refunds of any deposits, less escrow cancellation fees and other costs up to \$250.

(c) Buyer fails to qualify for permanent financing if Paragraph C-24 of the Purchase Contract has been selected.

9. Paragraph 11 of the Special Provisions provides that the Buyer acknowledges Buyer having received (a) a true copy of the Developer's Public Report including all amendments with an effective date issued by the Real Estate Commission, and that the Developer's Public Report includes the report itself, the Project's recorded declaration and bylaws, house rules if any, a letter-sized condominium project map, and all amendments (provided, that where it is impractical to include a letter-sized condominium project map, the prospective purchaser or purchaser shall have an opportunity to examine the map.) and (b) a notice of the buyer's thirty-day cancellation right on a form prescribed by the Real Estate Commission.

Seller reserves the right to modify the above documents as may be required by law, any title insurance company, or any institutional mortgagee.

The Summary contained in this Exhibit is merely a summary and is not intended to be a substitute for the Buyer's careful review of the Purchase Contract.

2. **Conditions to be Met Prior to Disbursement.** No disbursements of funds held in escrow with respect to a sales contract shall be made unless and until the following conditions have been fulfilled:

(a) The Real Estate Commission shall have issued an effective date of the Developer's Public Report on the Project;

(b) The purchaser shall have been given and shall have acknowledged receipt of (i) a copy of said Public Report and (ii) notice of purchaser's thirty-day cancellation right upon a form prescribed by the Real Estate Commission; and

(c) The purchaser shall have waived the right to cancel or be deemed to have the right to cancel, in accordance with Section 514B-86 of the Act; and

(d) The Developer shall have given Escrow a written waiver of any option reserved in any sales contract to cancel such sales contract.

At the request of Escrow, Developer's attorney shall delivered a written opinion to Escrow that the foregoing conditions shall have been complied with and the purchaser's sales contract has become effective.

3. **Return of Funds and Documents.** A purchaser shall be entitled to a return of funds and Escrow shall pay such funds to such purchaser, without interest, if any one of the following has occurred:

(a) Developer and the purchaser shall have requested Escrow in writing to return to purchaser the funds of purchaser held hereunder by Escrow; or

(b) Developer shall have notified Escrow of Developer's exercise of any option to cancel or rescind the sales contract pursuant to any right of cancellation or rescission provided therein or otherwise available to Developer; or

If the purchaser fails to make such payment to Escrow on or before the due date thereof or if the purchaser fails to perform in any matter which is being handled by Escrow, Escrow shall promptly notify Developer of any such failure on the part of the purchaser. If Developer subsequently certifies in writing to Escrow that Developer has terminated the sales contract in accordance with the terms thereof and provides to Escrow copies of all such notices of termination sent to the purchaser, Escrow shall thereafter treat all funds of the purchaser paid on account of such purchaser's sales contract as funds of Developer and not as funds of the purchaser. Thereafter, such funds shall be free of the escrow established by Developer. Upon written request by Developer, Escrow shall pay such sums to Developer, less any escrow cancellation fee, shall return to Developer the sales contract of such purchase and any other documents theretofore delivered by Developer to Escrow, and shall return other documents theretofore delivered to Escrow in connection with the purchase of the unit to the person from whom, or entity from which, such documents were received; and, Escrow shall thereupon be released from any further duties or liability hereunder with respect to such funds and such purchaser.

Summary of Declaration of Covenants, Conditions and Restrictions for "Mahakea" ("CCRs")

The following is a summary of certain material terms of the CCRs. Since the CCRs will impact what an owner can build, prospective buyers should review the CCRs carefully, and not rely solely on the summary.

1. **Designs Guidelines.** Attached as Exhibit C to the CCRs and its provisions include the following:

(a) **Roofs.** No Owner shall finish any roof with built-up tar and gravel or with asphaltic shingle or corrugated metal. The following roofing materials are acceptable: (1) unglazed colored concrete or clay tiles; and (2) wood shakes or shingles.

(b) **Exterior Painting.** Paint colors shall be neutral, pastel or earth colors, provided that paint colors shall be compatible with the color scheme of the surrounding homes and shall non-glare and muted.

(c) **Fences, Gates, Walls.** The following wall and fence materials are prohibited: chain link fences or gates, plywood, prefabricated lattice work, open-slat wood and unpainted or uncolored gray concrete block. The following materials are permitted: stone, wood (milled, solid members, such as redwood) or combination thereof.

2. **Use and Site Development Restrictions and Requirements.** Provisions, among other things, include the following:

(a) **Use of Lots.** Each Lot other than Lot 4 may be used only for single-family residential purposes, regardless of whether applicable zoning and other Governmental Regulations permit a more intensive or different use. Lot 4 may be used for single-family residential purposes or for a "two-family detached dwelling" (as such term is defined under the Land Use Ordinance, Chapter 21, Revised Ordinances of Honolulu 1990, as amended ("LUO")).

(b) **Limitation on Number of Dwellings.** The number of "dwelling units" (as such term is defined under the LUO) on the Land shall be limited to the lesser of (1) that number of Houses allowed under the LUO, or (2) nine(9) Houses; provided, however, no more than two (2) Houses may be located on any Lot, except that (A) if Lot 2 and Lot 3 are consolidated or made subject to a joint development agreement, a total of up to four (4) Houses may located on such consolidated Lots 2 and 3; and (B) a total of up to three(3) Houses may be located on Lot 4. If construction of a House or other Improvement is permitted only upon payment of a park dedication fee or other fee or compliance with any other requirement imposed under Governmental Regulations, then the payment of such additional fee or compliance with such requirement under Governmental Regulations shall be a condition to allowing the construction of such House or other Improvement. Notwithstanding such limitation, Declarant or any Lot Owner shall not be obligated to build the maximum number of Houses allowed on the Land or a Lot.

(c) **Fractional Interests and Time-Sharing.** No portion of the Land may be conveyed, leased, occupied, or used for or in connection with any time-sharing purpose or under any time-sharing plan, arrangement or program, or transient vacation rental, including without limitation, any so called

“vacation license”, “travel club membership” or “time-interval ownership” arrangement, provided, however, (1) transient vacation rental shall be permitted for any dwelling unit so long as it has the benefit of an effective nonconforming use certificate as a transient vacation unit, and (2) fractional interests, as hereinafter defined, shall be permitted. The term “time-sharing” as used in this section shall be as defined in Chapter 514E, HRS. The term “time-sharing” shall not include any plan, program or arrangement commonly known as “fractional interests” under which the right to use, occupy, own or possess a Lot or House upon the Lot rotates among various persons on a periodically recurring basis for at least a sixty (60) day period according to a fixed or floating interval or period of time, whether by way of deed, lease, association or club membership, co-tenancy agreement, partnership or otherwise.

(d) Garages. The garage of a House shall be used only for parking of vehicles, trailers, and watercraft. No vehicle, trailer, watercraft or other equipment, may be dismantled, repaired or serviced outside of the garage of a House or be Visible from a Neighboring Lot. Accessory permitted uses of garages are laundry, storage or minor repairs within the garage, and are not otherwise prohibited. No garage shall be used for living, cooking or sleeping purposes.

3. **Architectural and Landscape Controls.** Provisions, among other things, include the following:

(a) Approval by Declarant. During the “Approval Period”, an Owner shall not make, construct or place any Improvement on the Land without the prior written approval of Declarant. The “Approval Period” means the time period commencing on June 21, 2010 and expiring on the earlier of: (1) the expiration of the Declarant’s Control Period (i.e. for as long as Declarant owns any portion of the Land) or (2) with respect to a House, the date when the initial construction of the House and all Improvements associated with it are completed.

(b) Shoreline Setbacks. The Land and the Lots shall be subject to the shoreline setbacks imposed under Governmental Regulations. No structure or other Improvement shall be constructed, erected or placed on the oceanside of the shoreline setback line, provided, that there shall be permitted within such shoreline setback to the extent permitted under the Governmental Regulations fences, landscaping, planting and foliage; provided, further, however, within twenty (20) feet of the shoreline (1) no fence, landscaping, planting or other foliage may exceed the height of fifty-four (54) inches above existing grade, and (2) coconut palms or other similar types of tropical trees shall be permitted on a Lot so long as such do not obstruct the direct and lateral view of the ocean Visible from a Neighboring Lot. If such trees are planted on a Lot, the Owner of such Lot shall be responsible for pruning and trimming such trees to ensure the trees will not obstruct the direct and lateral view of the ocean Visible from a Neighboring Lot. Trees having an extensive canopy that impede a view of the ocean Visible from a Neighboring Lot shall not be permitted.

(c) Side yard setbacks. The Land and the Lots shall be subject to side yard setbacks imposed under the LUO. No structure or other Improvement shall be constructed, erected or placed within the side yard setback areas except as permitted under the LUO.

(d) Minimum Building Area. The minimum footprint of the building area for each House shall be 2,000 square feet, provided, however, in the case that a Lot is submitted to a Condominium Property Regime, the minimum footprint of the building area for each House that constitutes a condominium unit shall be 1,000 square feet. For purposes hereof, the term “building area” means the total area of the Lot covered by structures and covered open areas.

4. Other pertinent provisions include the following:

(a) Amendments of CCRs. During Declarant's Control Period, the Declaration may be amended by Declarant without the consent or joinder of any other Owner (or mortgagee) of any Lot. After the Declarant's Control Period, the Declaration may be amended by vote of eighty (80%) of the Lot Owners.

(b) Voting. For purposes of determining the percentage vote allocable to each Lot Owner under the Declaration, ownership shall be divided into nine (9) shares, as follows:

(1) Each Lot other than Lot 4 shall be allocated two (2) shares, and Lot 4 shall be allocated three (3) shares.

(2) Following submittal of a Lot to a Condominium Property Regime, the shares allocable to such Lot shall be divided equally among the condominium units located on such Lot.

(c) Reserved Declarant's Rights. Declarant has reserved a number of rights, including that the "guidelines" for construction do not apply to lots owned by the Declarant, the right to remove from the effect of the CCRs any portion of the Land it owns; the right to approve initial construction of improvements and landscaping; the right to grant easements and licenses affecting the Land; and the right to amend the CCRs during the Declarant's Control period - which last for as long as Developer owns any interest in the Land subject to the CCRs.
